

## 18 cubic diesel air compressor rental

How much does it cost to rent an air compressor?

Air compressor rental costs vary according to size and flow capacity. A 185 CFM diesel air compressor that can power blasting pots or jackhammers can rent for \$114 a day, \$312 a week, or \$754 a month. A larger 1,600 CFM compressor that can provide air at higher PSI for an extended period will run you \$710 a day, \$2,031 a week, or \$4,914 a month.

What types of air compressor rentals are available?

Our selection of air compressor rentals includes electric, gas and diesel powered equipment with CFMs ranging from 3 to 1,800. Browse our selection here.

Where can I rent an air compressor?

United Rentals carries a leading selection of air compressors for rent, designed to provide efficiency and productivity to jobsites. Our inventory includes both towable and diesel-powered units. Get these exclusive online rates by renting through our website or app. For our full list of air compressors for rent, view the items below.

Does United Rentals offer air compressors?

United Rentals offers a variety of air compressors for your site. You can power up air tools or air up the tires on your ride-on equipment with this durable air compressor. This compressor is designed to be compliant with EPA regulations on diesel engines. Trust the United Rentals fleet of air compressors to meet the needs of your project.

How much airflow does a diesel air compressor have?

This compressor runs on diesel power and it is easily towed by vehicle. Its airflow is up to 185 cubic feet per minute (CFM), good for airing up tires on ride-on equipment and other industrial applications. This compressor is designed to be compliant with EPA regulations on diesel engines.

How much does a diesel air compressor cost?

A 185 CFM diesel air compressor that can power blasting pots or jackhammers can rent for \$114 a day, \$312 a week, or \$754 a month.
