

# Aksu down-the-hole anchor drilling rig

What is ak-60 construction anchoring rig used for?

AK-60 construction anchoring drilling rig is used for drilling anchor holes in deep foundation pits of high-rise buildings, and for anchoring and reinforcement of slopes in water conservancy projects, hydropower projects, railways and highways.

What is AK-30 construction anchor drilling rig used for?

AK-30 construction Anchor Drilling rigs used for drilling anchor holes in deep base pit of high building, anchor and reinforce side-slope for water conservatory project, water power station project, railways and highways. Especially used for drilling anchor holes in high position side-slope protection and drainage holes.

What is a down the hole drilling rig?

Down the hole drilling rig is an impact rotary drilling rig. Its internal structure is different from that of a general rock drill.

What is an anchor drilling machine?

An anchor drilling machine is mainly used in landslides and dangerous rock mass anchoring projects in the prevention and control of various geological disasters in hydropower stations, railways, and highways. The anchor drilling machine is especially suitable for high-slope rock mass anchoring projects.

What is YG anchor drilling machine?

The slope protection type crawler anchor drilling machine has a reasonable structure design and a wide adjustable angle to meet diversified drilling operations. YG anchor drilling machine adopts silent processing, with low noise and no pollution, which is suitable for urban construction.

Can ygm40 anchor drill rig be operated remotely?

The anchor drill rig can be operated remotely. So as to effectively protect the safety of the operator. YGM40 anchor drilling machine adopts a Cycloidal slewing motor. The whole machine has stable and reliable performance and long service life. The anchor drill machine has a wide application range and strong drilling ability.

China leading provider of Anchor Drilling Rig and Tunnel Drilling Rig, Sichuan Zuanshen Intelligent Machinery Manufacturing Co., Ltd. is Tunnel Drilling Rig ...

Automatic drill change and powerful off-road performance reduce rig assist time. The large displacement high pressure screw air compressor makes the slag ...

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts

# Aksu down-the-hole anchor drilling rig

the drill bit, while the rotary machine drives the ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

We're well-known as one of the leading drill rig, anchor drill rig, rock drill rig, hammer drill rig, down the hole drill rigs manufacturers and suppliers in China.

Why should you properly anchor your rig? Stabilization during the simplest rod jobs, Stabilization while working with heavy loads, Stabilization when jarring on stuck pipe. Stabilization during ...

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water ...

Drilling rigs are massive structural equipment that is used to drill water wells, oil wells, or natural gas extraction wells. By rotating a bit, a hole is drilled using a ...

Down-the-hole drilling (DTH) essentially involves a drilling hammer at the bottom of a drill string. It relies on three elements for drilling holes: bit loading ...

DTH drilling rig, short for Down-The-Hole drilling rig, is a cornerstone of modern drilling technology. Renowned for its efficiency, precision, and versatility, this equipment has ...

Explore the working principles and anchoring methods of self-drilling hollow anchor rods in slope, foundation pit, tunnel, and prestressed ...

The type of rig required will depend on the specific project needs. In conclusion, anchor drilling rigs are a crucial component of modern ...

The hole quality and efficiency of DTH hammer drilling with casing technology are related to the prestressing effect and overall stability of the ...

The YGS series down the hole drilling machine are heavy-duty crawler drilling rigs developed by YG Machinery for high-intensity geological environments, which are suitable for hard rock, ...

High Lift Mountain Slope Anchor Drilling Rig||High Lift Drills For Sale?Want Price??Leave your needs and WhatsApp/WeChat/Email, and we will send it to you.?W...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...
