

Anchor Engineering Drilling Rig Model

Grab this Free Download of CAD Drawings for Rotary Drilling Rig - perfect for engineers, architects, and anyone working on foundations or geotechnical ...

The HR-300X anchor drilling rig can meet the needs of a variety of drilling technology, such as water injection and powder discharge, soil drilling, anchor ...

SA-150Q Hydraulic Multi-functional Anchor Drilling Rig could achieve various drilling method, good performance for complex geological conditions, suitable ...

The RC168Y Hydraulic anchoring engineering rig is a highly efficient multi-function rig designed for anchoring and engineering drilling. It is powered by a hydraulic system, equipped with a ...

The Foundation Pit Support Anchor Engineering Drilling Rig is crucial for ensuring the stability and safety of construction projects. By securely anchoring foundations, it prevents soil movement, ...

The Foundation Pit Support Anchor Engineering Drilling Rig is crucial for ensuring the stability and safety of construction projects. By securely anchoring ...

Our drilling machines are used in GSHP systems, engineering geological investigation, water well construction, water conservation industries. We specialize in engineering top-of-the-line ...

The RC150Y anchor drill rig is a versatile drilling rig that is widely used in many engineering fields. During the construction of hydropower station, it can carry out seepage prevention treatment ...

The type of rig required will depend on the specific project needs. In conclusion, anchor drilling rigs are a crucial component of modern ...

AK30 construction Anchor Drilling rig is a full hydraulic operated top drive power head drill. This engineering drilling rig is used to drill heavy duty pretension anchor hole at side slope of water ...

?Construction case?MXL-150D anchoring drilling rig Stratum situation Location (province): Hubei province Location (city): Enshi Drill model: ...

The engineering drilling rig is used to drill heavy duty pretension anchor holes at side slope of water power station, railway or highway projects, as well as drainage holes. It also used to ...

AK120 anchor engineering drilling rig is a full hydraulic operated dual-top drive power head drilling machine.

Anchor Engineering Drilling Rig Model

It is widely used to drill large pretension anchor wire holes, large diameter anchor ...

AK120 anchor engineering drilling rig is a full hydraulic operated dual-top drive power head drilling machine. It is widely used to drill large pretension anchor ...

As a fully hydraulic rotary anchoring drilling rig, MD-60A slope anchoring engineering drilling machine is mainly used for the anchoring engineering of coast and dangerous rock or cliff for ...

Model SM820 full hydraulic crawler multi-functional anchor drilling rig, Find Details and Price about drill machine engineering equipment from Model SM820 full hydraulic crawler multi ...

Anchor Drilling Rig HR-300X Anchor Drilling Rig Introduction HR-300X anchor drilling rig is a special type of anchoring equipment designed and developed according to ...

A test prototype is built to simulate the actual anchoring drilling process, and the vibration law of the support platform and the drilling rig is obtained through the vibration ...

Article Open access Published: 25 April 2025 Simulation and experimental research on drilling and rock breaking mechanisms of anchor drill rigs with analysis of drilling ...

The Anchor Engineering Drilling Rig is a high-performance geotechnical drilling solution designed for precision anchoring and reinforcement operations in complex ground conditions. Widely ...

The main sales products are anchor rig, piling rig (foundation drilling rig), vibro hammer, water well drilling rig, rotary drilling rig and other construction machinery products.

AK30 Portable nail ground anchor drilling rig machine with 30m drilling capacity JCDRILL Portable Drill Rig Our AK30 construction Anchor Drilling Rig is used for drilling anchor holes in deep ...

Finally, the theoretical reliability of the drilling vibration law of the key components of the drilling rig was verified through the drilling test of the anchoring system prototype.

Product Description: The JGD120S model is a newly developed guided auger boring pipe jacking drill rig tailored for underground utility installations where working space is limited. With a ...

MD-50 Anchor Engineering Drilling Rig MD-50 Anchor Engineering Drill Rig possesses the characteristics of stable performance, high working efficiency, multiply usage, as well as the ...

Portable Slope Engineering Anchor Drilling Rig with 80m Drilling depth 200mm diameter Capacity AK80E Diesel engine& electric motor drive available ...
