

Anchor drilling rig model power

The main sales products are anchor rig, piling rig (foundation drilling rig), vibro hammer, water well drilling rig, rotary drilling rig and other construction machinery products.

Split Anchor Drilling Rig The separated anchor drilling rigs are mainly used in landslides and dangerous rock body reinforcement, especially suitable for side ...

Comparative table of Hütte drilling rigs: comparison of engine power, crawler and weight. Hütte provides hydraulic drilling rigs for micropiles and ground anchors, for the enhancement of ...

Established in June, 2003, Lanteky® Machine is a professional manufacturer and supplier of engineering machinery. We are specialized in MD series anchor drilling rigs, MDL series ...

The schematic diagram of two power heads in anchor drilling rig's hydraulic system is designed and developed, and its simplified physical simulation model is established.

Comparative table of Hütte drilling rigs: comparison of engine power, crawler and weight. Hütte provides hydraulic drilling rigs for micropiles and ground ...

It is suitable for advanced exploration, pipe shed construction, etc. The AK-60 Structural Anchor Drill is a fully hydraulically operated top drive power head ...

1. MD-50 drilling rig is a kind of full hydraulic power head drilling rig and high torque is applied to drill heavy duty anchor holes at side slope of water power station, railway or highway projects, ...

HBR 207: micropiles and ground anchors drilling rig Hütte HBR 207 is a hydraulic drilling rig for micropiles and ground anchors, also suited for soil investigation, ...

Application Field HR-300X anchor drilling rig is widely used in various construction, water conservancy, geological prospecting, airport subway ...

Model SM820 full hydraulic crawler multi-functional anchor drilling rig, Find Details and Price about drill machine engineering equipment from Model SM820 full hydraulic crawler multi ...

Drilling Rig Hoisting System It enable drilling rig to raise and lower working string into and out of well bore. main components of drilling rig hoisting system are: ...

MDL-135D, MDL-150D crawler deep foundation pit anchoring rig is an efficient drilling rig developed for

Anchor drilling rig model power

anchoring, rotary jetting and precipitation based on ...

Our drilling machines are used in GSHP systems, engineering geological investigation, water well construction, water conservation industries. We specialize in engineering top-of-the-line ...

Light weight and portable Built-in LED Light Amp Meter All-purpose vacuum base add-on option with vacuum pump allows you to use the M1AA anchor rig as a vacuum rig Uses standard ...

The MC 12 is a versatile and powerful hydraulic drilling rig designed for civil engineering works such as micropiles, anchors, jet grouting and ground improvement in general. The rig's ...

Anchor drill rigs are moving towards multifunctional, integrated rig-mounted directions. Meanwhile, anchor bolt drilling rigs have also developed ...

The rig is powered by CUMMINS high efficiency turbocharged engine, which is economical, practical and easy to maintain. Independent research and development of large torque, strong ...

Abstract: Nowadays, the underground working environment is still harsh, for the slow development of the automation of the anchor drilling rig, an automatic rod changing device is ...

SA-150Q Hydraulic Multi-functional Anchor Drilling Rig could achieve various drilling method, good performance for complex geological conditions, suitable for various anchor engineering ...

Article Open access Published: 25 April 2025 Simulation and experimental research on drilling and rock breaking mechanisms of anchor drill rigs with analysis of drilling ...

Maximum torque: 17000 Nm Given progress:10500 mm Power type: Diesel engine && Application JCM290 Ultra-deep hole fully hydraulic anchoring drilling rig, with 400mm maximum opening ...

The MC 12 is a versatile and powerful hydraulic drilling rig designed for civil engineering works such as micropiles, anchors, jet grouting and ground ...

The main vibration type of anchoring drilling is longitudinal vibration. Therefore, taking the simultaneous working state of the top anchor drilling rig and anchor cable drilling rig ...

&& Application AK-30 construction Anchor Drilling rigs used for drilling anchor holes in deep base pit of high building, anchor and reinforce side-slope for water conservatory project, water ...

The Foundation Pit Support Anchor Engineering Drilling Rig is crucial for ensuring the stability and safety of construction projects. By securely anchoring ...

Anchor drilling rig model power

>> Application AK-30 construction Anchor Drilling rigs used for drilling anchor holes in deep base pit of high building, anchor and reinforce side-slope for ...

The technical performance of the drilling rig machine can be divided into two types: 1. Full hydraulic anchor drilling rig The rotary power, propulsion power and auxiliary actions of this ...

Micropiles and Anchors Comparative table of Hütte drilling rigs: comparison of engine power, crawler and weight. Hütte provides hydraulic drilling rigs for ...
