

Argentine down-the-hole drilling rig construction team

Who are the major drilling teams in Argentina?

Major Drilling teams have operated in Argentina since 1996 and have completed multiple exploration drilling projects in San Juan Province including El Pachón (Glencore), Los Azules (McEwen Mining) and Altar (Aldebaran Resources).

Why should you choose drillar the Argentine drilling company?

The team's experience allows to DrillAr the Argentine Drilling Company to be familiar with a large number of mining projects, as well as to know all the techniques and services. Our Argentine Drilling Corporation, giving our best to provide a quality service is a top priority.

What is drillmec doing in Argentina?

In 2011, Drillmec initiated a project with the Ministry of Industry of the former government to advance the construction of cutting-edge drilling equipment, HH series, in Argentina. To do this work, the company sent a group of technicians to identify Argentinian providers that would comply with the requirements needed to build it.

Can drillmec bring HH series rigs to Argentina?

Diego Fernández, country manager for Drillmec in Argentina, talks to TOGY about the challenges that the company has faced in trying to bring HH series rigs to the country. He also discusses his objective of having equipment built locally, and how the government's liberalisation policies have helped companies that import materials and equipment.

Who is Archer drilling?

Archer is a leading land Drilling contractor in Argentina and Bolivia with more than 2,100 drilling and maintenance personnel. Underpinned by experience,

How many drilling rigs are there in Vaca Muerta?

Underpinned by experience, dedication and an outstanding record for safety and efficiency, the Archer's Drilling staff currently has more than 35 drilling rigs, 8 of them being of latest technology, carrying out their activities for different clients in Non-Conventional fields in Vaca Muerta.

The discovery required drilling teams to mobilize special rigs that can drill horizontal holes. Core from drill hole GNDD-266 limestone hosted oxidized ...

Drilling is one of the most fundamental yet powerful operations in both the oil & gas sector and the construction industry. Whether it's reaching ...

Argentine down-the-hole drilling rig construction team

Rotary Equipment Drilling Rotary rig drilling service, also known as rotary drilling, is a process widely used in various industries, such as geological exploration, oil and gas extraction, ...

How Does an In The Hole Drill Rig Work? In the world of drilling, efficiency and precision are key. Whether you are working on construction projects, mining, or geothermal ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of compressed air and driven into the ...

Down the hole drilling rig find applications across multiple industries, showcasing their versatility and efficiency. Mining: In the mining industry, DTH drilling rig is used for blast hole drilling, ...

Because Down-The-Hole hammers use a rapid percussive action to crush the rock they require much lower feed force (pull down) and rotation torque than ...

At Center Rock, we take pride in providing the most reliable and efficient down-the-hole (DTH) hammers for drilling applications across many different industries. Our team of ...

The team's experience allows to DrillAr the Argentine Drilling Company to be familiar with a large number of mining projects, as well as to know all the techniques and ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

Down-the-hole drills are essential for various industries, including mining, construction, and oil and gas exploration. Their ability to bore through tough ...

Discover how the right down-the-hole (DTH) drill rig can boost your mining and construction efficiency. Learn about rig types, key features, and ...

Vista Energy and Nabors Industries agreed to add a third drilling rig to Vista's development of Vaca Muerta in southern Argentina. "The addition of ...

In the industrial world, drilling rigs are essential tools that support various drilling activities. Whether for mining, construction, or geotechnical applications, drilling rigs play a crucial role in ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...

Leading Manufacturer of Down-the-Hole (DTH) Drilling Equipment for Mining, Construction & Water

Argentine down-the-hole drilling rig construction team

Wells. Premium products at fair prices. Get a Quote Today!

Because Down-The-Hole hammers use a rapid percussive action to crush the rock they require much lower feed force (pull down) and rotation torque than conventional rotary drill bits. ...

Archer is a leading land Drilling contractor in Argentina and Bolivia with more than 2,100 drilling and maintenance personnel. Underpinned by experience, dedication and an outstanding ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH ...

Unlock the power and precision of Down-the-Hole (DTH) drilling! This ultimate guide dives deep into the mechanics, applications, advantages, ...

Let me take you on a journey. The top down-the-hole drill bit manufacturers are Sandvik, Epiroc (formerly Atlas Copco), Boart Longyear, ...

Understanding Down the Hole Drilling Techniques Down the hole drilling, also known as DTH drilling, involves using a pneumatic hammer to create ...

A down-the-hole drill, usually called DTH Drilling Rig, is basically a mini jackhammer screwed on the bottom of a drill string. The speedy hammer ...

With a reliable down hole hammer and high-quality DTH bits, you can tackle even the most challenging drilling conditions. Numa is the best DTH provider, ...

We have a research and development team composed of industry experts and senior engineers for chassis integration, drilling rig control, drill bits, drill rods, electrical, accessory integration, ...
