

Atlas surface down-the-hole drill rig

AirROC T35, D45 and D50 - Atlas Copco Quick facts Options
Main application:
Limestone quarries
Surface mining
Aggregate ...

Efficient versatility in quarries and mines Atlas Copco FlexiROC D50/D55 is equally at home in the quarry or the mine with its solid combination of versatility and efficiency. This is a go-anywhere ...

AirROC D45 and AirROC D50 are down-the-hole drill rigs, that can work with ease on steep grades and the roughest of terrain. These machines are suitable for limestone, aggregate ...

Atlas Copco Surface drill rigs SmartROC D65 Technical specification The mining mastermind. Brilliant and built to last. Supports your ambitions in the total ...

Airroc D35 is Atlas Copco's smallest crawler mounted, down the hole pneumatic drill rig, ideal for work in confined areas. This robust pneumatic rig from Atlas ...

The drilling hole range of TAIYE-X6A-DTH is 138-203mm. Working air pressure is 20-23bar, air displacement is 25m³/min is suitable for open-pit mining, quarries ...

PowerROC D60, a hydraulic down-the-hole drill rig, perfectly meets the needs of open-pit mines and quarries when it comes to drilling big holes. With the well ...

The T2W-III is Atlas Copco's single-engine rig for rotary and down-the-hole (DTH) drilling in the 30,000-pound class. It is designed for both air ...

Atlas Copco Surface Drill Rig ROC L6 The Down-the-hole drill rig for soft, medium and hard rock formations in quarries with high productivity demands ROC L6 and ROC L6H Standard ...

Power and productivity ROC L625 and L630 are high-capacity down-the-hole crawler drills primarily designed for quarry blast hole drilling in virtually all types of rock formations for ...

Epiroc is one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

In better shape than ever Since the first D-series rig was delivered in late 1999, its popularity has been impressive, and well above 1000 rigs have been delivered to satisfied customers all ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work

Atlas surface down-the-hole drill rig

in the toughest operating conditions, our ...

Intelligent, automated and future-proof The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Give your operation the chance to profit from the ...

The less homogeneous the rock formation, the harder it is to drill straight blastholes and keep your productivity at top level. The ROC 460PC DTH crawler gives you the solution by ...

It features a limestone, aggregate quarries and unique VL 140 pneumatic rock drill. surface mining applications. This rig is a rugged, versatile machine which can take on tough tasks in rough ...

Epiroc is one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For example; oil and gas, construction ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

The ZT44 is a down-the-hole surface drill rig designed for mining-duty applications. It offers high reliability and production with purpose-built structures, a high horsepower engine and large ...

The DM45/50 rotary blasthole drill rig along with their big brother, the DML, are some of the most popular drills in the world for good reason. All three models ...

AirROC T35, D45 and D50 - Atlas Copco Quick facts Options
 Main application:
 Limestone quarries
 Surface mining
 Aggregate quarries
 Drilling method:<br ...

In the world, there are hundreds of players, who making the Drill Rigs from one century ago. Their drilling machine cover almost all drilling ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the widest range of surface drilling ...

Atlas Copco Mining and Rock Excavation Technique is preferred supplier of surface drill rig equipment to BMI Drilling (previously UKUGRUMBA MINING) for various drilling ...

High ground clearance and hydraulic track oscillation enables drilling over steep and uneven ground. The rig can be interchanged between down-the-hole and topammer drilling to meet ...

Atlas surface down-the-hole drill rig

The AirROC D35* is the smallest and most popular of our crawler mounted, Down-the-Hole drilling rigs. This robust pneumatic rig is self propelled, easy to operate and simple to maintain. ...

Atlas Copco Surface drill rigs DTH AirROC D45 SH Semi-pneumatic hydraulic rig The semi-hydraulic down-the-hole drill rig AirROC D45 SH provides higher ...
