

Atlas telescopic boom down-the-hole drill rig

Cabletec E is taken from the well proven production drill rig Simba ME7. and approximately 1 700 m of 15.2 mm diameter bolting cable storage capacity. and 32 m mechanized drilling hole ...

In better shape than ever Since the first D-series rig was delivered in late 1999, its popularity has been impressive, and well above 1000 rigs have been delivered to satisfied customers all ...

The Atlas Copco PowerROC T45, with telescoping boom, drills precise holes from 3-5 inches in diameter. The PowerROC T45 rig's superior ...

Search for used down the hole drilling rigs. Find Gefco, NOV, J& M, HengWang, Zhongtuo, Atlas-Copco, Sandvik, and Soosan for sale on Machinio.

Explore the most comprehensive line of surface rotary and DTH blast hole drilling rigs in the industry, with a multitude of configurations to choose from and ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH ...

The Characteristics of Different Types of Down the Hole Drilling Rigs: YGL130 Diesel Engine and Electric Double Power Hydraulic Crawler Mounted Low Air Pressure Blast Hole Drilling Rig YG ...

The AirROC T35/ D45/ D50* are high-powered, Down-the-Hole pneumatic drill rigs with exceptional mobility and performance. Robust traction, a low center of gravity and easy ...

Hydraulically controlled mining and tunnelling face drilling rig with two BUT 28 booms. Available with a variety of rock drills to suit customer requirements.

The "All Star" two-boom rig Boomer 282 is a world popular face drilling rig installed with two robust BUT 28 booms and available with a variety of rock drills. Stable and highly efficient ...

SWTC950E-SWTD80 Telescopic down-the-hole hammer drilling rig Overall weight: 87t Max.lifting capacity: 95t Inquiry Download manual

The Boomer 282 available from Atlas Copco is a twin-boom hydraulic face drilling rig designed for small to medium sized tunnels and for mine production with ...

Atlas telescopic boom down-the-hole drill rig

Having a knowledgeable and available world-class partner on site or online, makes the difference between doing it alone and tapping the experience and ...

Atlas Copco Face drilling rigs Technical specification Boomer 282 Equipped with COP 1638HD+ or COP 1838HD+ rock drills Coverage area up to 45 m2 Hydraulically controlled mining and ...

The purpose of this brochure is to assist our customers in selecting the most suitable Rock Drilling Tools for their specific demand. Most of the equipment displayed in this brochure will work for ...

Atlas Downhole Technology rents and sells Atlas high performance drilling motors to the North American oil and gas market. Engineered to be the most powerful ...

The Predator Drilling System is a three- component package consisting of a mobile rig, substructure and a pipe skate. The components are designed, and manufactured at Atlas ...

The T2W-III is Atlas Copco's single-engine rig for rotary and down-the-hole (DTH) drilling in the 30,000-pound class. It is designed for both air ...

? Telescopic heavy-duty drill arm provide bigger fan shape drilling coverage, improve the effective drilling time. ? Diesel engine is powerful, impact force, ...

Atlas Copco is introducing a new drilling rig, the SmartROC D60, which drills accurate quarry, construction and surface mining blastholes from 4 ...

Intelligent, automated and future-proof The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Give your operation the chance to profit from the ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH blasthole drilling in mining, quarry and ...

The hammers are supplied with Drilling Bits to carry out prevalent objectives. These valve-less heavy duty hammers with optimized air cycle frequency are used in various down-the-hole ...

AirROC D45 and AirROC D50 are down-the-hole drill rigs, that can work with ease on steep grades and the roughest of terrain. These machines are suitable for limestone, aggregate ...

It features a limestone, aggregate quarries and unique VL 140 pneumatic rock drill. surface mining applications. This rig is a rugged, versatile machine which can take on tough tasks in rough ...

The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Isn't it time

Atlas telescopic boom down-the-hole drill rig

you gave your operation the chance to profit from the added intelligence of the ...

Sturdy drill boom is flexible and capable of drilling holes at any angle from horizontal to vertical; Floating undercarriage can be oscillated ±10°, providing powerful and fast tramming in any ...
