

Australian Engineering Geology Drilling Rig Accessories

Who is Australian exploration engineering?

Australian Exploration Engineering specialises in the manufacture, maintenance, repair and modification of exploration drill rigs and associated exploration mining equipment to customers all over Australia and worldwide. AustEx is an Australia leader in Air Core, RC and Diamond drill rigs & other drilling related products.

Who are Austex drill rigs?

AustEx is an Australia leader in Air Core, RC and Diamond drill rigs & other drilling related products. AustEx staff pride themselves on a well established network of suppliers and skilled tradesmen.

Who is Australian drilling attachments?

Australian Drilling Attachments (ADA) is the proud distributor of the world class renowned US Products, TEI ROCKDRILLS and CHEMGROUT. ADA provides after sales service and further customisation of these products, as well as the extended range of consumables to suit, such as the self-drilling anchor bar.

Who is black diamond drilling services Australia?

Black Diamond Drilling Services Australia P/L known as "BDDRILL" is a privately owned Australian Company which services the Mineral Exploration, Mining, Water well and Geotechnical sectors of the Drilling Industry.

What types of Drilling Solutions are available?

A range of drilling solutions are available, ranging from Portable to Skid Steer, Trailer, Truck and even barge mounted solutions. Melville Drill Rigs have been around since 1982. Powerpacks range from Diesel, Petrol, Electric and Battery powered. The Powerpack frames can be mounted on skid bases or wheels as well as have custom pressures and flows.

What is a geological sample bag?

Geological sample bags that are fine woven and double stitched, suitable for retaining fine samples in RC drilling or larger samples when diamond drilling. Solving your Biggest Headaches! The World's most Innovative Geological Solutions fresh from the Innovation Hub! Discoverer's Fixed Core Photography Camera Stations

Geotechnical drill rigs Geomachine's geotechnical drill rigs are designed to operate in difficult soil and challenging terrain conditions. Due to their ...

The electric rotary drilling rig can realize pure electric operation. In the mode of pure electric operation, the battery or the pow... The core drilling rig is mainly applicable to the exploration ...

Australian Engineering Geology Drilling Rig Accessories

Drillers World Australia Over 25 Years in the Industry Drillers World Australia is a Supplier to the Drilling, Trenchless and Environmental Industries including: ...

New type Geological Engineering Drilling Rig is a new generation of portable multi-purpose engineering survey and construction rig, which aims at optimizing the design of most of the ...

Buy direct from Australia's leading manufacturer of geological field supplies and equipment. From core trays and sample bags to innovative tech solutions - we have all your exploration needs ...

iDrilling Australia is an industry leading exploration drilling company that provides a broad range of drilling and support services to the mining industry

Geographic Hotspots of Industry Activity Australia's oil and gas resources are concentrated in specific regions, largely dictated by geological basins and proximity to export ...

Huanghai machinery corp is a manufacturer who designs and produces geological exploration equipments (like drill rigs), coal bed methane ...

Our products are suitable for use in the main procedures of geological exploration including ground geophysical exploration, geological drilling, core sampling, well inspection as well as ...

Kores Engineering offers complete drilling solutions to our customers. We provide expertise in designing, developing, and distributing high-precision equipment ...

A directory of drilling companies in mineral exploration in Australia (Perth, Sydney, Brisbane, Melbourne, Darwin, Tasmania) where you can filter by ...

A mobile geological drilling rig is used to investigate a huge landslide that was triggered by the 2016 Kaikoura Earthquake near Waiiau, New Zealand. James Chapman of CW Drill explains how the PQ ...

Wuxi Zhongjin Mineral Exploration Tools Co., Ltd.: Welcome to buy the best underground drill rigs, core drill rigs, engineering drill rigs, core barrels and overshots, drilling ...

Features 1. The drilling rig power head is made by the industry's advanced manufacturing process, suitable for high-torque and high-speed drilling ...

PRD RIGS is one of the leading drilling rig manufacturer in the world. We offer wide range of drilling rigs of Various application such as Water well drilling, ...

Australian Engineering Geology Drilling Rig Accessories

Directional Diamond Drilling - Used for angled drilling in complex geological conditions. The precision of diamond drilling eliminates unnecessary excavation, making it a ...

With a total area of 56,000 square meters, it has managed to build a remarkable reputation as a premier manufacturer and exporter that focuses on high-performance core drilling rigs. Around ...

The DMiningwell JY-1000 Fully Hydraulic Core Drilling Rig is mainly applicable to the drilling of solid deposits, can also be used for engineering geology, shallow oil, natural gas, groundwater ...

Manufacturing of geotechnical engineering equipment CGEG has products suitable for use in the main procedures of geological exploration including ...

Mineral Exploration Equipment supplier, LederDrill Supplies Pty Ltd is also known as "LDS" is a privately owned Australian Company which services the Mining, Water well, Mineral ...

Drilling consumables for production mining, mineral exploration, civil engineering, quarrying, water well, geo tech drilling, horizontal directional drilling or the oil & ...

Melville Equipment is a second generation, Australian-owned family business manufacturing rail track maintenance equipment, geotechnical drilling rigs, portable hydraulic equipment and ...

Geological Conditions Our geotechnical drilling rigs thrive in varied geological conditions, with precision engineering and advanced technology. These robust ...

Our cutting-edge equipment combines innovative technology, robust construction, and precise engineering to ensure reliable and precise drilling in even the ...

Used drilling rigs for sale across Australia including geotechnical, blasthole, underground, multipurpose, and RC rigs. Licensed broker and experienced ...

Australian Exploration Engineering specialises in the manufacture, maintenance, repair and modification of exploration drill rigs and associated exploration ...

info on: Suppliers of Mining and Drilling consumables including Rotary Drill Bits, Down the Hole Hammer Drills, Drill Rigs, Drilling & Mining Accessories for mining, exploration, oil, gas, water ...

Mineral Exploration Equipment supplier, LederDrill Supplies Pty Ltd is also known as "LDS" is a privately owned Australian Company which services the Mining, ...
