

Australian mining down-the-hole drill rig

Black Diamond Drilling Services Goldfields known as "BDDRILL" is a privately owned Australian Company which services the Mineral Exploration, Mining, Water well and Geotechnical sectors ...

The solution is now available for rotary and down-the-hole (DTH) hammer drilling as well as multi-pass applications. "While the AI algorithms have not changed, additional ...

Roc-Drill is a market proven blast hole drilling contractor with over a decade of delivering for diverse clients throughout Australia and Asia-Pacific. Renowned for delivering results - our ...

An Australian project showcases how two experts are working together to develop a drill rig that pushes the boundaries of autonomous mining. We've entered Nick Howlett's sandpit.

Down-the-hole drills DTH drilling is more accurate than top hammer; DTH rigs drill straight holes with less deviation providing more accurate blasting and better fragmentation as ...

This in the wake of the mining specialists" earlier releases of the brand new down the hole drill rig - the SmartRig ROC D65, and rotary drill - the Pit Viper 235.

Sandvik has launched a new top hammer and down the hole drill rig, and in the process revived an old line - Pantera. As part of its massive Customer Day, where 300 people ...

Diamond drilling has revolutionised mining, construction, and geotechnical industries across Australia. By using diamond-embedded drill bits, this method provides ...

ARC Drilling is an Australian based supplier of drilling products and services to drilling and exploration contractors, and both the mining and boring sectors.

The single pass drill represents a new chapter in the Epiroc drill portfolio, with the ability to be used in rotary and DTH (down-the-hole) drilling ...

To meet your drilling and blasting objectives, look to powerful and reliable P& H rotary and down-the-hole blasthole drill rigs.

info on: Suppliers of Mining and Drilling consumables including Rotary Drill Bits, Down the Hole Hammer Drills, Drill Rigs, Drilling & Mining Accessories for ...

Roc-Drill is a market proven blast hole drilling contractor with over a decade of delivering for diverse clients

Australian mining down-the-hole drill rig

throughout Australia and Asia-Pacific. Renowned ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Discover the benefits of large-diameter DTH hammer drilling technology. Achieve efficient, precise, and sustainable deep hole drilling for mining and construction projects.

ZEGA TOP-HAMMER AND DOWN-THE-HOLE DRILL RIGS Introducing the ZEGA Drill Rig, the pinnacle of efficiency and precision in drilling technology. ...

Sandvik has developed the Centrex Pro, a new down-the-hole drilling system designed with Spiral Flush to protect against the impacts of over-drilling. The Spiral Flush ...

Leading Australian drill-and-blast contractor SRG Global has begun putting Sandvik's newest down-the-hole drill rig to use across its ...

The Pit Viper 231 drill rig is known for its flexibility and reliability in both rotary and down-the-hole drilling operations, while the SmartROC D65 delivers precise and efficient ...

Our drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and ...

Sandvik has developed the iDrill automation platform to enable fully autonomous blasthole drilling for the Leopard DI650i down-the-hole drill rig.

The solution is now available for rotary and down-the-hole (DTH) hammer drilling as well as multi-pass applications. "While the AI algorithms ...

Drilltek Pty Ltd. Drill and blast contractor in Queensland. Atlas Copco drilling rigs. Maxam explosives. Orica explosives. Quarry. Civil. ...

We operate Australia's newest and most standardised high-capacity Diamond Core surface drilling fleet. We also have specialist rigs for complex engineering work and a fleet of ...

MM Drillings blasthole drilling services add value at every stage of the drill and blast process. Our team has worked with some of Australia's largest mining companies, helping them to optimise ...

Efficient Drill Rig Hire and mining services in the Pilbara and Perth. Explore our range of specialised drill rig solutions for your needs. Reliable equipment and experienced service for ...

Australian mining down-the-hole drill rig

The ZT44 is a down-the-hole surface drill rig designed for mining-duty applications. It offers high reliability and production with purpose-built ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...
