

# China Rail Rock Drill Price

What is the rock drilling machine for sale?

The rock drilling machine for sale in Henan YG Machinery Co.,Ltd is a kind of high-efficiency rock drilling equipment,which can be widely used in rock tunneling and drilling blast holes in various rock operations and is an important rock drilling tool in the construction of mines,railways,transportation,and water conservancy works.

What are the different types of rock drilling machines?

According to its power, rock drilling machines can be divided into pneumatic rock drilling machines, air rock drilling, electric rock drilling machine, and gasoline rock drilling machine. Different models have their own unique advantages, you can choose the suitable model according to your requirements.

How does rock drilling equipment work?

The rock drilling equipment works according to the principle of impact crushing. When it works,the piston makes a high-frequency reciprocating motion and continuously impacts the bit tail. Under the action of the impact force,the wedge-shaped drill head crushes the rock and chisels it into a certain depth to form a dent.

What are the different types of drilling machines?

And you are looking for some other kinds of drilling machines,such as water well drilling rigs,DTH boring machines,core drilling equipment,blast hole drilling rigs,and so on. You can go to the corresponding product page to choose the right model. Then you can get our quotation in 24 hours.

Buy yt29a pneumatic rock drill breaker on exporthub from shandong china coal industrial & mining supplies group co., ltd. the professional pneumatic drills, screwdriver manufacturer and supplier.
