

Czech screw air compressor sales manufacturer

Who makes screw compressors?

The screw compressor was also licensed to most of today's leading manufacturers of air compressors, such as Atlas-Copco, Ingersoll-Rand, GHH, Kobe-Steel, Aerzen, Hitachi, Termomeccanica, Gardner-Denver, Tamrotor, Sullair and many others.

Do the screw compressors meet the demands of modern industrial production?

As a result, we can say that the screw compressors of all our product lines Albert, SEC, Smartronic and Smartronic Ultra meet the demands of modern industrial production without fail. Workshops are characterised by the fact that their compressed air consumption is usually very variable.

What machines can be used for compressed air production in workshops?

Workshops are characterised by the fact that their compressed air consumption is usually very variable. Therefore, the ideal machines for compressed air production in workshops are reciprocating compressors. Atmos manufactures two product lines of reciprocating compressors - Perfect and PerfectLine.

Why do you need a screw compressor?

You use compressed air for most of the production time and it is an important energy source for you. Choose one of our reliable screw compressors. You use compressed air in places without connection to the electricity network.
