What types of air compressor rentals are available?

Our selection of air compressor rentals includes electric, gas and diesel powered equipment with CFMs ranging from 3 to 1,800. Browse our selection here.

When should you rent an air compressor?

Air compressors are rented by the day, week, or month. Rental rates increase with the size of the compressor, as well as the length of rental. Air compressors provide an added convenience to any job site. Choose a portable air compressor rental for short term projects or a towable unit for maximum power on longer jobs.

How much does a rotary screw compressor cost?

In contrast, a portable rotary screw compressor, having a 25HP gasoline engine able to supply up to 100 PSI and a flow rate of 80 CFM, will cost around \$9,500. Although a small air compressor might be within reach of many small businesses, a larger compressor might not be.

How much does an air compressor cost?

For example, a 50hp reciprocating electrically powered air compressor costs around \$50/day or \$200/week. In comparison, if you want a larger 400hp rotary screw electrically powered compressor, you can rent one for around \$1,000/day or \$4,000/week. If you intend to use an air compressor, you also need various accessories.
