

# Diankou screw air compressor manufacturer

What is a screw compressor?

A screw compressor is a type of compressor that employs screws to continuously compress fluids. One notable example is the air compressor, where air drawn in from the intake is compressed between a pair of screws and discharged as compressed air. This is the principle behind screw compressors known as the twin-screw type.

Who is Alup Kompressoren?

Alup Kompressoren, founded in 1923 and based in Robassomero, Italy, is a manufacturer of compressed air solutions and compressors, including screw, piston, and oil-free compressors. The company also stocks air treatment products like line filters, compressed air dryers, and air receivers.

What is a twin-screw compressor?

This is the principle behind screw compressors known as the twin-screw type. Various types of screw compressors are designed to accommodate different air volumes, pressures, screw shapes, rotation directions, and the presence of oil, ensuring flexibility to meet specific requirements.
