

"Kaishan" KT5/YCT5 Integrated Surface DTH Drilling Rig is advanced drilling equipment integrating down-the-hole drilling system and screw air compressor ...

The KT7C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, It is capable of drilling ...

The KT9C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is compact in structure and mobile ...

KT7C KT7D integrated open-air down-hole drill truck is a fully automatic unloading drill pipe down-hole drill truck developed according to the requirements of the mine site construction. The ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

Kaishan Brand Kt7c Down The Hole Drill Rig Machinery Low Oil Consumption For Sale, Find Complete Details about Kaishan Brand Kt7c Down The Hole Drill Rig Machinery Low Oil ...

The KT7C Integrated down-the-hole drill rig for open use is an advanced drilling device integrating the down-the-hole drilling system and screw air compressor system, characterized by compact ...

KT7C Integrated Surface DTH Drill Rig Kaishan is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to supplying your operation with the premium ...

The KT11 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive the screw compression system and ...

The KT7C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, it is capable of drilling ...

Automatic leveling function of the travelling mechanism enables the drilling rig to be more adapted to rugged mountain roads in the mine.7. Double rod lifting mechanism guides the rig all the ...

Kt7c Down The Hole Drill Rig For Open Use / Diesel Crawler Rock Blasting Drilling Rig, Find Complete

Down-the-hole drill rig KT7C

Details about Kt7c Down The Hole Drill Rig For Open Use / Diesel Crawler Rock ...

KT7C Integrated Surface DTH Drilling Rig is advanced drilling equipment integrating down-the-hole drilling system and screw air compressor system. With compact structure, it is well ...

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

Energy Saving Equipment Drilling Rig Kt7c Down The Hole Drilling Rig For Mining Blasting, Find Complete Details about Energy Saving Equipment Drilling Rig Kt7c Down The Hole Drilling ...

The drilling rig is equipped with the crawler leveling function, which makes the center of gravity of the drilling rig more stable up and down the slope, and the powerful operation capacity ...

Kaishan KT7C blast hole drill rig is designed for high-capacity rock drilling in quarries, mines & construction. Great usability, efficient rig operation.

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air ...

I am Interested in your Product - Integrated Down The Hole Crawler Mining Drilling Rigs: KT5C, KT7C, KT9C, KT11, KT12, KT15, KT20, KT25, Please send me more details.

The KT15 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

Down-the-hole drill rig for open-pit mining This machine integrates a hydraulic long hole drilling rig and a screw air compressor. The compressor consists of a single-stage high-pressure air end ...

Product Description "Kaishan" KT7C integrated surface DTH drilling rig is advanced drilling equipment integrating down-the-hole drilling system and screw air compressor system. It is of ...

As a manufacturer of DTH drilling rigs, we provide this KT15C integrated down-the-hole drill rig for open use. It can drill vertical, inclined and horizontal holes, ...

KT15C integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes.

Down-the-hole drill rig KT7C

The KT11 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive the ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes, It is driven ...

The KT15 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of down the hole drill rig to meet the ...

KT7D integrated open-pit DTH drilling rig is a drilling equipment which integrates DTH drilling system and screw air compression system. It can drill vertical, inclined and horizontal holes ...

The KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating the hole drilling system and screw air compressor system. It ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air compression system.
