

Engineering Drilling Rig xy100

XY-1 drilling rig is a small portable drilling rig with 100 meters depth, 100mm hole diameter, it is suitable for drilling in reconnaissance, geophysical exploration, road and building exploration, ...

1. It is a high-speed drilling rig, suitable for geotechnical exploration, water well, soil sample projects. 2. Alloy bit, diamond bit and tricone bit can be selected for drilling according to the ...

The Engineering Drilling Rig is ideal for geological and core drilling applications. Its advanced design and robust construction make it perfect for a variety of applications including mineral ...

Quality Engineering Investigation Drilling Rig manufacturers & exporter - buy XY-100 Portable Wheel Mounted Engineering Drilling Rig from China manufacturer.

High quality Small Portable One Hundred Meters Engineering Drilling Rig For Construction XY-1 from China, China's leading hydraulic crawler drilling rig product, with strict quality control ...

High quality Engineering Core Drilling Rig Portable Hydraulic Investigation Sampling 100 Meters from China, China's leading engineering core drilling rig product, with strict quality control ...

High quality Xy-1 Wagon Drilling Machine For Construction Engineering Drilling from China, China's leading product market xy-1 engineering drilling rig product, with strict quality control ...

High quality XY-1 Geotechnical Engineering Soil Test Drilling Machine With 110 Meters Depth from China, China's leading soil sample testing equipment product, with strict quality control ...

High quality XY-1 Hydraulic Core Drill Rig 100m Depth 100mm Hole Diameter from China, China's leading product market engineering core drilling rig product, with strict quality control ...

XY-100 hydraulic core drilling rig is widely used for core drilling rig, geological exploration and prospecting, geothermal wells, blast-hole, irrigation projects, etc.

Y-1 Xy-100 water well drilling rig, namely xy-1 water well drilling rig, is mainly used for geological survey and exploration, geophysical exploration, road and high-rise building foundation survey, ...

Quality Engineering Investigation Drilling Rig manufacturers & exporter - buy XY-100 Portable Engineering Drilling Rig from China manufacturer.

High quality XY-1 Geotechnical Engineering Soil Test Drilling Machine With 110 Meters Depth from China,

Engineering Drilling Rig xy100

China's leading soil sample testing equipment ...

(1) This drilling rig is suitable for drilling projects such as survey and exploration, geophysical exploration, road and construction exploration, and blasting holes. (2) According to the different ...

XY-1A is a hydraulic feed portable drilling rig, including mobile type, pump type, mobile type with pump and other series products. It is suitable for engineering geological survey of industrial ...

XY-100 drilling rig is suitable for census exploration, geophysical exploration, road and building exploration and drilling projects such as blasting. According to customer ...

High quality XY-200 200m Engineering Drilling Rig 220V / 380V For Water Well Core Drilling from China, China's leading product market hydraulic crawler drilling rig product, with strict quality ...

The XY-1A drill rig is designed on the basis of the xy-1 type rig, which is a low-speed, high-torque rotary drill with a hydraulic pressure. 1. Use and ...

High quality 100m Xy-1 Engineering Drilling Rig Multifunctional from China, China's leading xy-1 engineering drilling rig product, with strict quality control 100m engineering drilling rig factories, ...

XY-100 Geological Exploration Drilling Rig The XY-100 drilling rig is improved on the basis of the XY-1 drilling rig, and is a portable drilling rig. Scope of ...

Explore the XY-100 drilling rig -- a lightweight and versatile solution for core drilling and shallow water wells. Reliable, easy to operate, and widely used in geological projects.

Product Description: The Exploration Drilling Rig model XY-1 is a top-of-the-line piece of equipment designed for geological engineering and core sampling purposes. This advanced ...

Find verified 100-150m Engineering Borehole Spt Drill Rig Xy-1A Drilling Machine suppliers and manufacturers offering competitive wholesale prices. Browse detailed specs, bulk order ...

It is a high-speed drilling rig, suitable for geotechnical exploration, water well, soil sample projects. 2. Alloy bit, diamond bit and tricone bit can be selected for ...

The Shitan XY-1 Soil Testing Drilling Rig is specifically designed for engineering drilling and investigation drilling. With a drilling hole diameter of 100 mm, it is capable of drilling deep into ...

Engineering Drilling Rig xy100
