

Engineering Survey Latest Drilling Rig Parts HD

Who is rig survey International?

Rig Survey International performs professional, independent surveys and inspections on all types of land and offshore drilling rigs and support vessels. RSI Engineering has provided project management and project support services to some of the world's largest and most challenging new build projects of recent years in the drilling rig market.

What is a hd3260 drill rig?

The HD3260 is the latest version of HD325 series drill rig, mainly for large dia. piling work, especially DTH hammer drilling 610 and 813 mm dia. The machine weights around 44 tons and has a 19.7m long self erecting mast, This rig is ideal for a wide range of large diameter piling work and deep foundation piles.

Who is HD Engineering Ltd?

HD Engineering Ltd was founded in 1976. With its expertise and experience in the drilling and hydraulic sectors, it has been successfully establishing in the worldwide market and is now represented in some 40 countries. HD Engineering Ltd is a Hong Kong based manufacturer of hydraulic drilling rigs and accessories, with widely recognized quality.

How many HD crawler drill rigs are there?

HD Currently, our customers have deployed over 18 units of HD crawler drill, including HD325P, HD3250 and HD3240 drill rigs, and a Casagrande C35 drill rig, for 610 mm clutched piles, around 100,000 meters to drill, and some 610mm pre-bored holes in parts of the 3RS project.

What are the main features of a drill rig?

The important and useful features of this rig are a super high torque rotator (12 ton-m), a full stroke pull down 14.5 m, heavy-duty pullback 60 tons. for drilling deeper holes. With the hydraulic foldable mast, and expandable crawler track, it is easy and simple to set up the machine on the site, and transportation is very simple.

Which rig is suitable for micropile & DTH drilling?

The high-torque rotator (up to 2340kgm or 16850 ft.lb torque) make it suitable for micropile and DTH drilling application. With the optional feature, "side swing device", the rig will have some more movements for better drilling positions, and the "mast extension" enables the rig to drill with 6m, 20ft., long drill rod, increasing the productivity.

Beijing BOMCO · Introduction Beijing BOMCO Offshore Petroleum Engineering Technology Co., Ltd. (BOMCOBJ), with previous name BOMCO ...

Engineering Survey Latest Drilling Rig Parts HD

Find Geotechnical Drilling Rig stock images in HD and millions of other royalty-free stock photos, 3D objects, illustrations and vectors in the Shutterstock ...

It is suitable for engineering geology survey solid mineral deposit general survey and exploration, blasting hole and inspection hole of all kinds of concrete structure, etc., according to the ...
