

Epiroc DTH Drilling Rig Series

Legendary productivity Like their larger DML series counterparts, Epiroc's DM45/50 drilling rigs are built for productivity, delivering unsurpassed availability and utilization for drilling industry ...

Durable bits Our all-new DTH bits feature patented solid shanks, a new sealed air-flow system, special Enduro buttons and an innovative new outside flushing hole design. As a result, the ...

The DM30 II is a crawler-mounted, hydraulic tophead-drive rig that's suitable for a variety of multi-pass rotary and DTH drilling applications. It can achieve a clean hole depth of 28 ft (8.5 m) in ...

The Epiroc COP M series DTH hammers come with innovative and patented technology. A unique air cycle, and an all new bit design translate into great benefits for you. You need to look no ...

Broomfield, Colorado: Epiroc, a leading productivity partner for the mining and infrastructure industries, has designed the COP M-series DTH ...

Epiroc's electric-driven Pit Viper 235 E rotary blasthole drill rig is a flexible workhorse that can be configured in many different ways for a wide range of rotary and DTH drilling operations. The ...

Transforming DTH Drilling Excellence Explore cutting-edge DTH (Down-the-Hole) drilling with the Epiroc COP Gold Series, a symbol of precision, durability, and efficiency. Crafted to excel in ...

Epiroc PowerROC D60 & D65 A Total Drilling Solution You Can Trust Productivity and flexibility beyond conventional mining quarry drill rigs Maximizes your ...

The DTH 5 hammers allow operators to drill more/shift, rebuild hammers up to three times with E-Kits from Epiroc, and allow a lower total ...

Designed for productivity The Atlas Copco DM30 II is a crawler mounted, hydraulic tophead drive, multi pass rotary drilling rig featuring a 30 ft (9.1 m) drill pipe change and a standard 4-rod ...

Epiroc's electric-driven Pit Viper 231 E rotary blasthole drill rig is a flexible workhorse that can be configured in many different ways for a wide range of rotary and DTH drilling operations. Its ...

The Epiroc DTH 5 hammers are compatible with most brands of compressors and rigs and are designed to excel in all drilling assignments with an improved rate of penetration, ...

The FlexiROC D65 surface drill rig from Epiroc is the perfect balance between productivity and efficiency. A

Epiroc DTH Drilling Rig Series

proven and dependable rig for DTH drilling in mining and large quarry ...

Give these great hammers the best company - go full Epiroc Epiroc DTH 5 hammers cater to your every drilling need and work great with equipment from all major brands, but when you go full ...

With more material to resist the stresses leading to thread breakage, the Epiroc SR drill string family has a substantial increase in fatigue strength, with fewer tensile shock waves it reduces ...

Broomfield, Colorado: Epiroc, a leading productivity partner for the mining and infrastructure industries, has designed the COP M-series DTH hammers to be the lightest, ...

Epiroc has a comprehensive range of DTH drill bits to match all conceivable applications. Each bit is made from quality alloy steel, and has been precision machined to produce a perfect body, ...

Epiroc DTH products We have the broadest range of DTH drilling tools, such as hammers, bits, and related equipment of any supplier in the world. This means ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For example; oil and gas, construction ...

The Atlas Copco T4BH is synonymous with mobility, power, performance, and productivity. Mounted on a custom carrier, the T4BH is designed to perform in rough terrain and has been ...

Epiroc, a productivity partner for the mining and infrastructure industries, has designed the COP M-series DTH hammers to be the lightest, ...

Bit shanks and drill bits Epiroc has a comprehensive range of DTH drill bits to match all conceivable applications. Each bit is made from quality alloy steel, and has been precision ...

The FlexiROC D65 surface drill rig from Epiroc is the perfect balance between productivity and efficiency. A proven and dependable rig for DTH drilling in ...

Epiroc COP M Series DTH hammers (COP M6, COP M7, and COP M8), bundled with the company's drill rigs, are designed to ensure maximum drill speed and productivity for every ...

Compact and powerful long-hole drilling solution The sturdy Simba M4 is a long-hole production drill rig for medium to large-drift mining. It accommodates a range of drill bits, rock drills and in ...

Epiroc's electric-driven Pit Viper 235 E rotary blasthole drill rig is a flexible workhorse that can be configured in many different ways for a wide range of ...

Epiroc DTH Drilling Rig Series

DM45/50 Multi-pass rotary and DTH drilling fLegendary productivity Like their larger DML series counterparts, Epiroc's DM45/50 drilling rigs are built for ...

Explore the most comprehensive line of surface rotary and DTH blast hole drilling rigs in the industry, with a multitude of configurations to choose from and scalable automation features.

Explore cutting-edge DTH (Down-the-Hole) drilling with the Epiroc COP Gold series, a symbol of precision, durability, and efficiency. Crafted to excel in challenging drilling conditions, this ...

Experience a groundbreaking chapter in down-the-hole (DTH) drilling with the Epiroc QLX Series, a technological marvel at the forefront of the industry. Renowned for delivering unprecedented ...
