

# Fully hydraulic core drilling rig jy-1600

The JULONG JY series fully hydraulic core drilling rig is developed by our company based on the advanced technologies of similar drilling rigs at home and abroad. 1. The drilling rig adopts a ...

The rig is fully hydraulic driven.B. The rig can carry out mechanical two-gear plus stepless speed regulation, and the highest torque can reach 2600N.m.C. Axial plunger pump and inclined ...

China thread drill bit manufacturer Zhejiang Miningwell Supply Chain Management Co., Ltd, provides kinds of mining rig. Welcome to know more about concrete truck mixer.

The DMiningwell JY1600 fully hydraulic drill rig is a new type of drill rig developed on the basis of drawing on advanced technologies of similar drill rigs at home and abroad, and its main ...

Product Introduce The JY-1600 fully hydraulic core drilling rig is widely used in geological exploration, as well as for drilling in engineering geology, shallow oil, natural gas, and other fields.

The JY-2000 crawler-type full hydraulic core drilling rig is a new type of fully hydraulic core drilling rig developed by our company based on extensive reference to advanced technologies of ...

JY-1600A Full hydraulic core drilling rig Usage: It is mainly applicable to the drilling of solid deposits, can also be used for engineering geology, shallow oil, natural gas, groundwater ...

JY-1000B Full hydraulic core drilling rig Usage: It is mainly applicable to the drilling of solid deposits, can also be used for engineering geology, shallow oil, natural gas, groundwater ...

Shandong Quanhua Technology Engineering Co., Ltd manufacturing and sales of kilometer drilling rigs, core drilling rigs, pipe thread lathes, import.

Full hydraulic core drill is a new type of drill on the basis of learning from the advanced technology of similar drilling RIGS at home and abroad. It is mainly applicable to the drilling of solid ...

Main features of the rig: JY series full hydraulic core drill is a new type of drill developed by Shandong Feiyang Machinery Co., Ltd. on the basis of learning from the advanced technology ...

JY1000 Aseries crawler type full hydraulic core drilig rig is a new type of ull yraulic core rilinrig designed byour company after careful optimization and innovative design b)ased on extensive ...

Adopt axial piston pump + triple gear pump full hydraulic drive.B. The power head adopts mechanical

## Fully hydraulic core drilling rig jy-1600

two-speed stepless speed regulation design, and the maximum torque can reach ...

Product Introduce The JY-1600 fully hydraulic core drilling rig is widely used in geological exploration, as well as for drilling in engineering geology, shallow ...

The DMiningwell JY1600 fully hydraulic drill rig is a new type of drill rig developed on the basis of drawing on advanced technologies of similar ...

The rig is fully hydraulic driven.B. The rig can carry out mechanical two-gear plus stepless speed regulation, and the highest torque can reach 1800N.m.C. Axial plunger pump and inclined ...

Engineered by integrating global advanced drilling technologies, the HD Series Full Hydraulic Core Drill Rig represents a leap forward in efficiency and versatility for demanding ...

JY-2000 fully hydraulic core drill rig QY600 pneumatic water well drilling rig Crawler mounted hydraulic DTH drilling rig JL590-3 JY-1600B Full hydraulic core drilling rig JY-1600 fully ...

JY-1600B Full hydraulic core drilling rig It is mainly applicable to the drilling of solid deposits, can also be used for engineering geology, shallow oil, natural gas, groundwater drilling, and can ...

Product Introduce The JY-1600 fully hydraulic core drilling rig is widely used in geological exploration, as well as for drilling in engineering ...

The JY-1600 fully hydraulic core drilling rig is widely used in geological exploration, as well as for drilling in engineering geology, shallow oil, natural gas, and other fields.

Product Description Product Introduce JY600 fully hydraulic core drilling rig is a new type of drilling rig developed by our company based on the advanced technology of similar drilling rigs ...

Botswana JY-1600B Full hydraulic core drilling rig It is mainly applicable to the drilling of solid deposits, can also be used for engineering geology, shallow oil, natural gas, groundwater ...

Shandong Zhiqiang Drilling Equipment Co., Ltd. is a newly upgraded hydraulic system geological exploration drilling rig that specializes in core taking, rock core drilling, and other functions. ...

DMiningwell JY series full hydraulic core drilling rig is a new type of drilling rig developed by our company on the basis of learning from the advanced technology of similar drilling rigs at home ...

The mining drilling equipment uses wireline coring diamond drilling techniques to drill holes for coring. The modified equipment is the leading model for solid ...

## Fully hydraulic core drilling rig jy-1600

What is Geological Core Drilling Rig with Mud Pump Full Hydraulic Core Drill Rig Jy-1600, JY Series-2 manufacturers & suppliers on Video Channel of Made-in-China .

The fully hydraulic core drilling rig is a novel model developed by our company, drawing upon the advanced technologies of similar rigs both domestically and internationally. Primarily suited for ...

Product IntroduceThe JY-1600 fully hydraulic core drilling rig is widely used in geological exploration, as well as for drilling in engineering geology, shallow ...

Product Introduce The JY-1600 fully hydraulic core drilling rig is widely used in geological exploration, as well as for drilling in engineering geology, shallow oil, natural gas, and other ...
