

German Krupp hydraulic rock drill

What are the main dimensions of Krupp Driller HB30?

KRUPP Drifter HB30 Main Dimensions o Especially developed for casing drilling, threaded self-drilling anchors and micropiles. o Casing diameter up to 133 mm (5 inch) and threaded hollow bars up to a diameter of 73 mm (3 inch). o The standard built-in rubber damping mechanism improves retraction of casings and avoids blank impacts.

What is a hydraulic damping system?

Especially developed for overburden drilling, drive drilling, threaded self-drilling anchors and micropiles. Casing diameter up to 219 mm (9 inch) and threaded hollow bars up to a diameter of 103 mm (4 inch). The standard built-in hydraulic damping mechanism improves retraction of casings and rods and avoids blank impacts.

What are the dimensions of Krupp drifter HB30?

KRUPP Drifter HB30 KRUPP Drifter HB30 Main Dimensions o Especially developed for casing drilling, threaded self-drilling anchors and micropiles. o Casing diameter up to 133 mm (5 inch) and threaded hollow bars up to a diameter of 73 mm (3 inch).

Which Krupp hm100/110 cutting edge is transverse to shovel boom?

The cutting edge is transverse (cross) to shovel boom. These Krupp HM100/110 tools are only available on request. Call us on: 0031- (0)23 5256904 or send an E-mail to: info@rocbo.nl. The cutting edge is transverse (cross) to shovel boom, with the exception of the Asphalt cutter, this one stands parallel to shovel boom.

What is a self-propelled drilling rig?

Our self-propelled drill rigs are the perfect solution for projects where drilling in the vertical, inclined and horizontal directions is critical. Whether rotary drilling, percussive drilling, drilling with air or down-the-hole hammer drilling, our self-propelled drilling rigs cover the widest range of applications.

Which Krupp hm85/90v cutting edge is parallel to shovel boom?

The cutting edge is transverse (cross) to shovel boom,with the exception of the Asphalt cutter,this one stands parallel to shovel boom. These Krupp HM85/90V tools are only available on request. Call us on: 0031- (0)23 5256904 or send an E-mail to: info@rocbo.nl. The cutting edge is transverse (cross) to shovel boom.

The Krupp track-mounted drill and pile-driver can build foundations, without use of the adjacent track, using pile-driving and twist-in drilling methods. An ...

We supply drilling equipment and rock drill supplies for mining and construction projects in the USA and Canada. Get a free quote on drilling tools.

German Krupp hydraulic rock drill

The KRUPP Drifter HB32 is a compact hammer drill designed for smaller drill rigs and excavators. It is especially suited for casing drilling, threaded hollow bar ...

Integrated Hydraulic Rock Drill & splitter An integrated hydraulic rock drill and splitter is a powerful and efficient tool for rock excavation projects. This ...

EMK Rock Drill is a leader specialized in rock drilling. By providing our customers with the highest quality equipment and solutions, we ensure excellent performance even in harsh conditions.

Options external flushing head for casings and self-drilling hollow bars built-in RPM sensor with external box for speed indication in the drilling axis freely slideable (60 mm) percussion unit for ...

Epiroc rock drills are core components to your drilling equipment. To ensure the safest and most efficient operation of you equipment, we offer a full line of support specific to these ...

This happens several thousand times per minute in some cases and is much more effective than electric drills or core drills in rock and concrete. There are many things to consider when ...

Hydraulic Rock Drills Furukawa and Marini build strong, high performance rock drills for all forms of rock drilling: quarries, open pit mining, civil and ...

My family is trying to investigate about this German gun, (I attached photos) Can you help me to identify it and its potential value It is stamped on the side of the barrel: ...

The opportunity to use the hydraulic rotary mechanism both in parallel or in series allows optimised adaption of the rotary speed or torque to the respective drilling demand. Short ...

Created on:2016-12-0918:10 ?? Hydraulic Impact Drill Rig Top Drive Anchor Drilling Rig Krupp And Eurodrill RS-C150

DELKOM PRODUCTION NETWORK Delkom manufactures all spare parts of underground and surface rock drilling machines in original quality with its large production line in its high-tech ...

Rocbo Drilling & Demolition | The most extensive selection of chisels | Pneumatic, Electric and Hydraulic Chisels | First-class quality | Fast delivery | 5,000 variants for 400 hammer ...

Krupp Hydraulic Breakers are well-reputed for their durability, efficiency and high performance. Krupp Hydraulic Hammers are compatible with a large range of ...

A rock breaker hammer makes tough jobs easier. Learn how it works, where to use it, and simple maintenance tips to keep it running smoothly.

German Krupp hydraulic rock drill

KRUPP Drifter HB45 Compact design - the ideal drifter (hammer drill) for mid-size drill rigs and excavator mounted drill masts. Especially developed for overburden drilling, drive drilling, ...

A coworker's father owns this beautiful German Krupp Stahl "drilling" (combination gun) made over 100 years ago. The two shotgun barrels ...

Fields of application: Geothermal drilling up to 100 m depth, overburden drilling, lost bit drilling, micropiles and core drilling in sand, gravel, clay and hard rock. Compact design of vibro ...

Hydraulic Hammer Drill HD 5A with Integral flushing + R32 female shank adapter. Excellent condition, used very little. Comes with operators manual, spare seals and spare shank adapter.

Hydraulic Rock Drills Furukawa and Marini build strong, high performance rock drills for all forms of rock drilling: quarries, open pit mining, civil and geotechnical applications. Canyon proudly ...

Hydraulic drilling rig JOY-3-GEO+SL400+TR1200 Fully equipped for geothermal drilling Special model specially equipped for drilling boreholes in the field of ...

Operators appreciate the high performance and reliability of our blasthole drills, packed with features that make operation easy and reduce the worries of ...

Product Full Description Being the sole agent of Krupp, Germany in Hong Kong, the hydraulic drifters supplied produce max. torque 3,540 kgm (25,700 ft-lb) and incorporate the latest ...

Built by the German company Krupp in 1978, the Bagger 288 has remained unrivaled as the world's largest excavator since then. One remarkable aspect of the Bagger ...
