

High altitude down-the-hole drilling rig

A down-the-hole Drilling Rig (DTH rig) is a powerful piece of mining equipment designed for deep rock penetration by hammering directly at the drill bit location.

The reason customer want to drill the hole is that drill and blast is the most efficient and economic way to break rock instead of excavating it. Blast hole drilling equipment ...

Sunward-Experience unparalleled performance with our SWDR138 cutting drilling rigs. These down the hole drilling tools are designed for precision and durability.

Integrated Surface DTH Drill Rig An Integrated DTH (Down-the-Hole) Drill Rig is an advanced drilling system designed for efficient and precise drilling in hard ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH blasthole drilling in mining, quarry and ...

Discover the SWDE165Q blast hole drill rig for optimal performance in tough terrains. This blast hole drill rig combines power and efficiency.

SWDE152S Drilling method: Down-the-holeHole diameter: 138-165mmDTH-hammer: 5 and 6 inches The SWDE series is surface down-the-hole drilling rigs which a drilling diameter of 90 ...

The SWDE120S in the hole drill rig delivers unmatched precision and efficiency, ideal for complex drilling tasks. This in the hole drill rig ensures optimal results.

Our ZEGA D470A Down The Hole Hammer Drill Rigs for Mining are offer the highest mobility, a smaller footprint and the ability to serve multiple sites. Equipped with powerful down-the-hole ...

To meet your drilling and blasting objectives, look to powerful and reliable P& H rotary and down-the-hole blasthole drills. Designed for challenging operating environments, including arctic, ...

With high-frequency impact and alloy drill bit, the one-piece tracked down hole drilling rig can easily cope with hard rock and provide efficient solutions for ...

Discover how the right down-the-hole (DTH) drill rig can boost your mining and construction efficiency.

High altitude down-the-hole drilling rig

Learn about rig types, key features, and ...

The company exports to Mongolia, Malaysia, Russia, etc We offer a wide range of drilling RIGS, air compressors, construction equipment and complete machine sales, spare parts supply and ...

Product description Drilling method: Down-the-hole Hole diameter: 90-138mm DTH-hammer: 3.5, 4 and 5 inches The SWDE series is surface down-the-hole drilling rigs which have a drilling ...

Discover the power of our SWDR138 Cutting Drilling Rigs. Engineered with advanced rock drill technology to ensure precision and durability for all your drilling needs.

High altitude mountain rock drilling rig Crawler rotary slope protection drilling rig with long arm price Slope protection anchor drilling rig is mainly suitable for: construction, water ...

DTH Drilling Rig Surface Mining Drilling Machine G7 Recommended hole range:76-115mm JIEA G7 the all-hydraulic open-air hammer rig is powered by a powerful diesel engine, capable of ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

Product description Drilling method: Down-the-holeHole diameter: 90-138mmDTH-hammer: 3.5, 4 and 5 inches The SWDE series is surface down-the-hole drilling rigs which have a drilling ...

Integrated Surface DTH Drill Rig An Integrated DTH (Down-the-Hole) Drill Rig is an advanced drilling system designed for efficient and precise drilling in hard rock formations. It combines ...

PDKJ729S It is surface Down-the-Hole drilling rig with both uses of diesel and electricity. It is driven by diesel and electricity power, especially suitable for mines with electric ...

Buy down the hole drilling rig at factory price from China, Compressed Air Crawler Water Well Drilling Rig Powerful Diesel Down The Hole Drilling Rig manufacturer.

Our company offers a range of DTH drilling rigs with different air compressor options, such as the KH712 Borehole Down The Hole Drilling Machine Drilling Rig, which can be customized with ...

Down-the-Hole (DTH) drilling is a technique used to create deep, precise holes in hard rock and challenging ground conditions. In this method, ...

It has low gas consumption, large rotation torque, convenient hole shifting and displacement, and the carriage compensation function ensures stable drilling. Whether it is complex terrain or ...

High altitude down-the-hole drilling rig

Product description Drilling method: Down-the-hole Hole diameter: 165-230mm DTH-hammer: 6 and 8 inches The SWDE series is surface down-the-hole drilling rigs which have a drilling ...

Discover the SWDE152Q hydraulic rig designed for exceptional drilling performance. Experience reliable and efficient operations with our robust ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

Product description Drilling method: Down-the-hole Hole diameter: 138-180mm DTH-hammer: 5 and 6 inches The SWDE series is surface down-the-hole drilling rigs which have a drilling ...

Discover the power of our SWDE152Q drifter drill machine, designed for optimal performance. This drifter drill machine enhances productivity and precision.
