

How much does the drill rod of an electric down-the-hole drill cost

What is a DTH drill rod?

DTH drill rods are used in down-the-hole drilling, where a pneumatic or hydraulic hammer is located at the bottom of the drill string, right behind the drill bit. Unlike top hammer rods, DTH rods do not transmit the percussive energy.

Does drilling supply store sell drilling rigs?

With Drilling Supply Store, buying drilling tools has never been easier. We offer a complete line of drilling rigs for mineral exploration (RC drilling and coring), water well and geothermal drilling, foundations and other construction or mining applications. [FIND OUT MORE ABOUT OUR DRILLING RIGS.](#) © 2022 Drilling Supply Store. All Rights Reserved.

Are DTH hammers good for drilling?

Drilling Supply Store offers a wide range of DTH hammers suitable for a variety of drilling operations. Our Down the Hole hammers provide the most versatile and cost effective rock drilling method. DTH Hammers and tools are used for drilling holes through a wide range of rock types.

What is a drill rod?

Drill rods are fundamental tools in numerous industries, but their diverse applications necessitate a range of specialized types. Understanding the distinctions between these rods is crucial for optimizing performance and ensuring success in various drilling operations.

What tools do you need to drill a hole?

From hammers, bits, shock absorbers, hole openers to casing systems and (WAI) water hammers and hole openers. Comprehensive range of DTH rock drilling tools for any tough environment. Cost effective drilling method for sample grade control and getting initial geological data.

What DTH drilling tools do you offer?

We offer a complete range of DTH drilling tools including hammers, bits, pipes, adapters, breakout benches and grinding machines with consumables. The history of the down-the-hole hammer manufacturing goes back more than four decades. For the past 40 years and still today, our goal is to produce the best products for our customers.

ABSTRACT Since their first production application in Sweden in 1995, water-powered, down-the-hole hammers (WDTH) have been used throughout the world in many different drilling ...
