

Huangshan Air Leg Rock Drill

The YT29A rock drill is the most rugged, powerful and highly efficient rock drill in the range. It provides improved productivity and drill steel economy and can ...

YT23 (7655) Air Leg Rock Drill YT23 (7655) air leg rock drill is a new and efficient rock drilling machine. It is suitable for drilling horizontal, tilting and vertical blast holes in medium-hard rock ...

The DT Series Airlegs are Australian designed pusher legs for use in the mining and construction industries. They are proudly Australian made from high quality alloys and have been the ...

The YT28 air-leg rock drill is a kind of high-efficiency, energy-saving and environmentally friendly rock drilling equipment. Compared with similar pneumatic products, the YT28 air-leg rock drill ...

Air leg rock drill is a tool work in quarrying, construction and mining, which uses compressed air to drive rock drilling tools for rock drilling operations.

YT24 air leg rock drill is a high efficiency rock drilling machine. It widely used in rock drilling blasting holes, it's very important to coal mine, railway traffic, water conservancy and so on.

YT24 Portable Hand Held Air Leg Rock Drill YT28 Portable Hand Held Air Leg Rock Drill The Series of pneumatic rock drills are mainly used in mines, railway, water irrigation works and ...

YT28 Air Leg Rock Drills The YT28 air leg rock drills is used to drill horizontal and inclined blast holes in medium-hard rock with a hardness of $f=8\sim 18$. It may also be for making roof bolting ...

YT24 air leg rock drill is a high efficiency rock drilling machine. It widely used in rock drilling blasting holes, it's very important to coal mine, railway traffic, ...

Discover air-leg rock drills like YT-23/28: Ideal for metal mine tunnel construction, hard-rock drilling, and confined spaces. Boost efficiency ...

The air-leg rock drill is an efficient drilling device powered by compressed air and is widely used in mining, tunneling, construction, water conservancy projects ...

Air Leg Rock Drill is a new light-duty rock drill to exploiting and constructing in stone industry and architecture industry. It has low air consumption, low noise, high speed, efficiency, easier operati

YT28 Air-leg Rock Drill most fit for drilling horizontal and inclined blast holes in medium-hard and hard rock

Huangshan Air Leg Rock Drill

with a hardness of $f=8\sim 18$. It may also be used with for making roof-bolting holes. ...

The air leg drill is a powerful pneumatic tool designed for efficient rock drilling and mining operations. This versatile equipment combines compressed air power with precision ...

Air leg rock drill machine, compared with jack hammer, is typically bigger and heavy, it needs a pusher as a support to finish drilling task in different directions. Air leg rock drills are widely ...

Our pusher legs and stopper rock drills cover all construction, tunnelling and mining applications in different rock formations. They are robust designed, ...

The air leg rock drill represents a pinnacle of pneumatic drilling technology, combining power and precision in underground mining and construction applications. This versatile tool operates ...

The air leg, powered by air pressure expansion and contraction, automatically advances the drill bit, offsets recoil force, and enhances drilling efficiency. The Air Leg Rock ...

Overview The Air Leg Drilling Machine S82 is a high-performance 5-meter pneumatic rock drill designed specifically for mining applications. This machine combines robust construction with ...

Air Leg and Small Hole drilling tools are essential equipment used in mining, construction, geotechnical engineering, and tunneling. These tools are ...

The YT27 air-legged rock drill is a highly efficient lightweight rock drill suitable for downward or inclined drilling in medium-hard or hard ($f=8 - 18$) rock with a ...

Air leg rock drill is a new and efficient rock drilling machine. It is suitable for drilling horizontal, tilting and vertical blast holes in medium-hard rock ($f=8\sim 18$) with the general diameter of ...

To meet diverse requirements of our customers, we are committed to providing quality assured rock drilling machinery (pneumatic rock drills/ air leg rock ...

Whilst the development of mechanised, non-pneumatic drilling equipment continues, the widespread use of conventional pneumatic drills continues. Rock Drill Technologies is a ...

YT29A Pusher Leg rock drill (Jack Leg) YT29A air leg rock drill jack hammer/ bosch breaker hammer power tools : 1. Good quality with strict quality system ...

Underground Rockdrill WA provides you with new and used Rock Drills and Air Legs, and a range of pneumatic hand held mining equipment. Mining companies and private contractors are ...
