

Hydraulic engineering anchor drilling rig model

Equipped with an energy-saving and efficient hydraulic system, the JCL1795 -type anchorage rig's strong tophead torque and side shift off from the borehole ...

By constructing the coupling vibration model of the multi-drill drilling process and using the Lagrange method to solve the vibration law of key components of the anchorage ...

JINFAN is China drilling rig manufacturer, offer hydraulic crawler drilling rig, anchor drill rig, water well drilling rig, core drilling rig, in addition to drilling tools such as DTH hammer, eccentric ...

XCMG 30m Multi-Function Anchor Drilling Rig Machine XMZ130T. XCMG 30m Multi-Function Hydraulic Anchor Drilling Rig Machine XMZ130T is specially ...

XL-3 crawler-type full-hydraulic multifunction Construction drilling rig is suitable for different requirements such as high-pressure jet grouting, jet grouting anchor ...

Anchor Drilling Rig SA-150Q For Deep Foundation Pit Support Engineering SA-150Q crawler-type hydraulic anchor drilling rig is the professional soft soil foundation reinforcement equipment, ...

SA-150Q Hydraulic Multi-functional Anchor Drilling Rig could achieve various drilling method, good performance for complex geological conditions, suitable ...

1.Application AK-100 anchoring drilling rig is a complete hydraulic power head machine.The engineering drilling rig applies to the construction of big tonnage stress anchoring hole for ...

AK100 Slope Reinforcement Portable Anchor Drilling Rig with Stepless Shift Hydraulic Drive JCDRILL Portable Drill Rig AK100 portable anchoring drilling ...

The MC 12 is a versatile and powerful hydraulic drilling rig designed for civil engineering works such as micropiles, anchors, jet grouting and ground ...

Established in June, 2003, Lanteky Machine is a professional manufacturer and supplier of engineering machinery. We are specialized in MD series anchor drilling rigs, MDL series ...

JCM210 full hydraulic anchor drilling rig has enhanced its power input and output. It is more suitable for complex formation construction and has higher efficiency.

Hydraulic engineering anchor drilling rig model

High Quality Full Hydraulic Anchor Drilling Rig/Geotechnical Engineering Construction Swdm160h Rotaty Drill, Find Details and Price about Drilling Machine Foundation Drill from High Quality ...

The RC168Y Hydraulic anchoring engineering rig is a highly efficient multi-function rig designed for anchoring and engineering drilling. It is powered by a hydraulic system, equipped with a ...

The Full Hydraulic Anchor Engineering Drilling Rig is primarily used for urban foundation pit support, controlling building displacement, and addressing geological disasters in engineering ...

YGL-180G is one kind of full hydraulic power head type drilling rig. It is mounted on a crawler chassis, driven by full hydraulic system which is the common borehole machine for vertical or ...

Unique advantages Deep Drilling & Versatile Applications: Equipped with a hydraulic system and telescopic boom, this rig enables precise drilling at depths up to 100mm (and 75mm ...

The HR-300X anchor drilling rig can meet the needs of a variety of drilling technology, such as water injection and powder discharge, soil drilling, anchor ...

Function introduction: This model is a fully hydraulic rotary anchor engineering drilling rig, mainly suitable for urban foundation pit support and control of building displacement, geological ...

Model:RCH-4A hydraulic underground drilling rig Drilling depth:550m Drilling diameter :BQ,NQ,HQ,PQ Power: 75KW electric motor Walking way : skid mounted Drilling way :mud ...

XL-3 crawler-type full-hydraulic multifunction Construction drilling rig is suitable for different requirements such as high-pressure jet grouting, jet grouting anchor cable, rock bolt ...

The AK-60 Structural Anchor Drill is a fully hydraulically operated top drive power head drill. This engineering drilling rig is used to drill heavy pretensioned ...

Different types of YG anchor drilling rig, split anchor drilling rig, high lift anchor drilling rigs for sale in YG Machinery manufacturers.

JCM260 hydraulic anchor drilling rig with a more powerful engine ensures its powerful output. can be used to drill with efficiency in harder formations, such as formations with pebbles and ...

RCT150D hydraulic Jet Drilling Rig is for jet grouting projects and anchor drilling projects,this drilling machine can be used for single, double, and triple pipe high-pressure rotary jet piles ...

The JCM180 Crawler Anchor Drilling Rig Machine is your go-to heavy-duty rig engineered to perform under

Hydraulic engineering anchor drilling rig model

pressure. With its robust 132kW QSB5.9-C180 engine and double-speed drive ...

ZSL-100 full hydraulic crawler type drilling rig mainly used for mountain slope treatment, anchor cable reinforcement of power station, highway and railway, ...

The RCF150Q drilling rig is a flexible drilling equipment with its fully hydraulic power and crawler chassis design. It can not only carry out vertical or inclined drilling operations, but also adapt to ...

The ZM-50 hydraulic crawler drilling rig is mainly used in various engineering projects such as power plants, highway and railway slope stabilization, tunneling advance support, inclined ...

G140YF High Air Pressure DTH crawler drilling rig has excellent performance with low energy consumption, high efficiency, easy transport. The drilling rig controlled by hydraulic ...

Article Open access Published: 25 April 2025 Simulation and experimental research on drilling and rock breaking mechanisms of anchor drill rigs with analysis of drilling ...

UNW Slope Anchoring Drilling Rigs Slope Anchoring Drilling Rigs usually use crawler chassis, which is easy to travel, and are equipped with twist drill rods and three-leaf alloy drill bits. The ...
