

Japanese Screw Air Compressor Company

Who makes screw compressors?

The screw compressor was also licensed to most of today's leading manufacturers of air compressors, such as Atlas-Copco, Ingersoll-Rand, GHH, Kobe-Steel, Aerzen, Hitachi, Termomeccanica, Gardner-Denver, Tamrotor, Sullair and many others.

Who is the best rotary screw air compressor manufacturer in China?

If you are looking for a rotary screw air compressor manufacturer and supplier in China, Sollant Machinery is your best choice. Why Choose Sollant Air Compressor? We believe that quality, price and service are of most interest to you for choosing suitable rotary screw air compressor.

Who makes Hitachi air compressors?

From building the first ever Japan-made air compressor in 1911, to introducing the world's first single stage oil-free screw air compressor in 1982, and as one of the leading air compressor manufacturers in Japan, Hitachi has always strived for innovation in both product and technology of air compressors. Need to contact sales or support?

Which is the best screw air compressor manufacturer in India?

We're one of the biggest screw compressor manufacturers in India and have spread our operations globally as well. With an energy-efficient, low-noise screw air compressor from Atlas Copco, you'll be able to fulfil all your compressed air requirements.

Who makes Chicago pneumatic rotary screw air compressors?

Chicago Pneumatic Rotary Screw Air Compressors are made in Italy by Atlas Copco. Known worldwide for quality air compressors, Atlas Copco is the world's largest air compressor manufacturer.

What is a screw air compressor?

As these screw air compressors are generally not equipped with any valves and have no mechanical forces that cause unbalance, these solutions can be extremely efficient for various applications. This is because a screw compressor works at a higher shaft speed and compresses a large volume of air with small exterior dimensions.
