

Kaishan DTH Drill 510 Parameters

Kaishan is a professional manufacturer of rock drills and DTH drilling rig, we have multiple series of DTH drilling rigs to meet your different requirements, including: integrated open air DTH ...

ZQS-20/2.0 pneumatic rock drill is an efficient and multi-purpose hand-held pneumatic rotary drill. The diameter of drill holes is usually 35-42mm.

Kaishan KL510 KL511 25M 64-115MM surface Integrated automatic Hydraulic Top Hammer Drill Rig KL511 hydraulic drilling rig for open use is fitted with ...

Kaishan company is a large drilling equipment manufacturer in this industry. We have produced a comprehensive line of DTH drilling rigs and components, ...

Integrated DTH Drilling Rig The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system ...

"Kaishan" KT6C Integrated Surface DTH Drilling Rig is advanced drilling equipment integrating down-the-hole drilling system and screw air compressor system. With compact structure, it is ...

The KG510/KG510H DTH drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai engine (China III), the drill ...

Kaishan dth drilling rigs is robust performance in hard rock, fuel efficiency, wide drilling range & versatility, and easy maintenance.

Kaishan is a professional manufacturer of rock drills and DTH drilling rig in China, we have multiple series of DTH drilling rigs to meet your different requirements, including: DTH drilling ...

The KL511 hydraulic top hammer drill rig for open-pit operations utilizes standard 45/51mm drill rods, drilling 76-127mm vertical, inclined, and horizontal blast holes.

The KG430/KG430H DTH drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

The KG510/KG510H DTH Surface Drill Rig for Open Use is a high performance drilling machine that allows

Kaishan DTH Drill 510 Parameters

for drilling in open use operations.

Kaishan KG510 dth drilling rig offer deep penetration & high productivity. Built for mining & quarrying. Drill contractors" best friend!

The ZT5 integrated mine drill rig for open use is an advanced piece of drilling equipment developed by Kaishan. The drilling rig is designed to meet the ...

"Kaishan" KT7C integrated surface DTH drilling rig is advanced drilling equipment integrating down-the-hole drilling system and screw air compressor system. It is of compact structure, ...

kaishan dth drilling rigs are designed for high-capacity rock drilling in quarries, opencast mines & rock excavation. Call us for a FREE quote now!

KG910A/YC910A Reinforced Semi-hydraulic Surface DTH Drilling Rig keeps the characteristics of YC100J drilling rig, including simple structure and stable performance, and optimizes and ...

Kaishan KG510 / KG510H DTH Drill Rig for Open Use Kaishan is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to supplying your operation with ...

The ZT5 integrated mine drill rig for open use is an advanced piece of drilling equipment developed by Kaishan. The drilling rig is designed to meet the needs of large open-pit mines ...

Product Description KG510/KG510H Surface DTH Drilling Rig is with Yuchai diesel engine (GB 3),it meets the national requirements of Emissions and environment,it is Designed and ...

Kaishan KT9C blast hole drill rig is designed for high-capacity rock drilling in quarries, opencast mines & rock excavation. Great usability. Contact us.

The KG610/KG610H DTH drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped ...

"Kaishan" KZ5 cutting drilling rig is mainly used for drilling in hard pan or soft rock in rotary cutting way and it uses compressed air for discharging and dust collector for collecting dust. If there is ...

The KG520/KG520H DTH drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped ...

The KG610H down the hole drill rig for open use is equipped with a dust collector, thus making operation more environment-friendly and reliable. Brief ...

Kaishan DTH Drill 510 Parameters

Kaishan KL510 top hammer drilling rig is equipped with standard drill rod of 45/38mm diameter to drill vertical, inclined and horizontal blast holes of 64-115 mm. Drilling rig uses efficient Kaishan ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is compact in structure and mobile ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw compression system and ...

KL510 drilling rig is equipped with a hydraulic top hammer rock drill (24kW) from Europe. With powerful rotary torque, impact power,adequate hole flushing ...

The Kaishan KT15 high pressure integrated drilling rig is specially designed as a high efficiency mining machine for large scale open-pit mines based on our years of experience designing ...

Kaishan KG610 rock drill rig is designed for high-capacity rock drilling in quarries, opencast mines. Top performance, every time.
