

Kaishan brand integrated down-the-hole drill rig torsion switch

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

Key attributes Power Type Diesel Drilling Diameter 75mm, 100mm, 200mm Drilling Depth Max.25m Place of Origin China Weight 17500 KG Warranty 1 Year Core Components Engine ...

Our KT15 integrated surface DTH drilling rig is designed by drawing inspiration from previous models. It can satisfy most needs of operators by providing a ...

ZT10 Integrated Down the hole Drill Rig for Open Use The ZT10 integrated down the hole drill rig for open use is an advanced piece of drilling equipment developed by Kaishan Group to meet ...

The KT15C integrated down the hole drilling rig is more heavy then KT15 model, which is lower revolving rotating speed of gyrator 100rpm/min, and with feed stroke 4580mm/5580mm for ...

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

KG430 Down The Hole Drill Rig KG430 folding frame track and four wheel drive are adopted; Add track leveling cylinders and the plunger piston tramming motor improves the working pressure ...

Our KT15 integrated surface DTH drilling rig is designed by drawing inspiration from previous models. It can satisfy most needs of operators by providing a smooth experience of rig-drilling.

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

The KT15 integrated down the hole drilling rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes. It ...

The KT12 integrated down the hole dnil rig for open use can driling vertical, inclined and horizontal holes, mainly used for open-pit minestonework blast ...

The KG520/KG520H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.

Kaishan brand integrated down-the-hole drill rig torsion switch

The KT11 integrated down the hole drill rig for open use can drilling vertical, incined and horizontal holes, mainly used for open-pit mine,stonework blast holes and pre-splitting holes. it is driven ...

The KT12 integrated down the hole drill rig is driven by the Cummins China stage III diesel engine and the two-terminal output can drive the screw compression ...

KAISHAN KT11 Integrated Down the hole Drill Rig offers high efficiency and reliability for mining projects. With a drilling diameter of 100mm and a depth of 25m, it is perfect for various industries.

Kaishan drilling rig is best for quarrying, surface mining, underground mining, construction, exploration drilling industry applications. Best Services!

KG520 Down The Hole Drill Rig KG520 folding frame track and four wheel drive are adopted; Add track leveling cylinders and the plunger piston tramming motor improves the working pressure ...

KT7D integrates down-the-hole drilling system and screw air compressor system. It is a state-of-the-art drilling equipment capable of drilling vertical, inclined and ...

KT5C Integrated Surface DTH Drill Rig Kaishan is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to supplying your operation with the premium ...

KAISHAN provides a full range of drilling rigs designed for different applications in the mining, tunneling, and other infrastructure industries. Our product line ...

Kaishan Integrated down-the-hole Drilling Rig KT9D can reach the Depth Max 24m, Diameter90-130mm, f: 6-20 hardness.If you want to learn details, please conta...

Zhejiang Kaishan Heavy Industry, part of Kaishan Group, manufactures advanced drilling equipment for mining, military, and construction. We offer safe, efficient, and customized ...

The KT15C integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine,stonework blast ...

The KT11 integrated down the hole drill rig for open use can drilling vertical,inclined and horizontal holes.mainly used for open-pit mine,stonework ...

Automatically connecting rods, one person fully operating, "KAISHAN" brand KT15/20 integrated open-air dth drill rig down-the-hole drill rig.Hole diameter:13...

Applications Kaishan KT7D integrated open-pit down-the-hole drilling rig is an advanced drilling equipment

Kaishan brand integrated down-the-hole drill rig torsion switch

that integrates the down-the-hole drilling system ...

The KT25 integrated down the hole drill rig with lower revolving rotation speed of gyrator 100rpm/min, can drill vertical, inclined and horizontal holes, mainly used for open-pit mine, ...

Integrated DTH Drilling Rig Our KT series integrated drilling rig an advanced drilling machine that combines borehole drilling rig and screw air compressor. ...

The KT11 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive the ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

KG420S Down The Hole Drill Rig KG420S folding frame track and four wheel drive are adopted; Add track leveling cylinders and the plunger piston tramming motor improves the working ...

Products Description KT7H integrated open-pit DTH drilling rig is a drilling equipment which integrates DTH drilling system and screw air compression system. It can drill vertical, inclined ...
