

Kaishan kgh down-the-hole drill rig

Chinese 80 to105 mm Portable Hard Rock Drilling Rig Machine Hydraulic The KG310/KG310H down the hole drill rig for open use is an improved device in compliance with national ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

The KG520/KG520H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.Equipped ...

KG520/KG520H Down The Hole Drill Rig For Open Use The KG590/KG590H down-the-hole drill rig for open use is an improved device in compliance with national regulations on diesel ...

The KG410 down the hole drill rig for open use is an improved device in compliance with national regulations in diesel-engine emissions. Equipped with Yuchai four-cylinder engine (China 3), ...

The KG430/KG430H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is compact in structure and mobile ...

The KG420H down the hole drill rig for open use is equipped with a dust collector, thus making operation more environment-friendly and reliable.

The KG410/KG410H Down the hole Surface Drilling Rig is a high performance surface drilling unit that operates with incredible reliability.

The KG420/KG420H drill rig is a hydraulic, diesel powered, self-propelled down the hole rig, designed for open use drilling operations. Equipped with a Yuchai ...

Kaishan brand KGH5AIII down the hole drill rig is suitable for drilling vertical, inclined, horizontal blasting holes and pre-cracks in open pit mines and stone works. It has the characteristics of ...

Kaishan KG410 blast hole drill rig can drill vertical, inclined and horizontal holes, mainly used for open-pit mine,stonework. Call for a quote now!

The KG420S/KG420SH down the hole drill rig for open use is an improved device in compliance with

Kaishan kgh down-the-hole drill rig

national regulations on diesel-engine emissions. The drill rig is equipped with the two ...

The KG920BIII/KG920BHIII down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. ...

KG726 Down The Hole Drill Rig KG726 expanded pitch and lifting arm hydraulic cylinder enable it to meet the requirements of limiting position use. Meanwhile, the hydraulic system is ...

KG420S Down The Hole Drill Rig KG420S folding frame track and four wheel drive are adopted; Add track leveling cylinders and the plunger piston tramming motor improves the working ...

The Kaishan KGH5AIII blast hole drilling rig combines lightweight design with powerful DTH drilling capabilities. Perfect for mining operations, it provides exceptional performance and ...

We value providing exemplary sales, and aftermarket parts and service for every customers. Trusted Down-the-hole Drilling Rig Manufacturer Are you wondering which kind of drilling rig ...

Categories: All Products, Kaishan Drilling Rigs, Rock Drilling Tools Description: Kaishan KG Series Portable Borehole Hard Rock Drill Rig with Hole Hammer DTH Mining Drilling Machine ...

Kaishan dth drilling rigs is robust performance in hard rock, fuel efficiency, wide drilling range & versatility, and easy maintenance.

Kaishan KGH5AIII DTH Drill Rig for Open Use Kaishan is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to ...

The KG410/KG410H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.

The KG610H open-type down-the-hole drill rig is an improved unit designed for unrestricted operation, fully compliant with national regulations for diesel engine emissions. Equipped with ...

The KG310/KG310H dth drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the ...

The KG9 down the hold drill rig is designed for open pit mines and quarries for drilling holes with a diameter of \varnothing 105-152mm in vertical, inclined, and horizontal orientation.

The KG430H down the hole drill rig for open use is equipped with a dust collector, thus making operation more environment-friendly and reliable.

Kaishan kgh down-the-hole drill rig

The KG420/KG420H drill rig is a hydraulic, diesel powered, self-propelled down the hole rig, designed for open use drilling operations. Equipped with a Yuchai four-cylinder engine, the drill ...

Kaishan KG420T/KG420TH Down the Hole Drill Rig for Open Use Kaishan is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to supplying your ...

The KG410/KG410H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder engine ...

The KG726III/KG726HIII dth drill rig for open use is equipped with a dust collector, thus making operation more environment-friendly and reliable.
