

Kaishan kt10c down-the-hole drill rig

KAISHAN KT11 Integrated Down the hole Drill Rig offers high efficiency and reliability for mining projects. With a drilling diameter of 100mm and a depth of 25m, it is perfect for various industries.

KT7 Integrated Surface DTH Drilling Rig "Kaishan" KT7 integrated surface DTH drilling rig is advanced drilling equipment integrating down-the-hole drilling system and screw air ...

The KG520/KG520H down the hole drill rig is designed for large and medium-sized quarries and contractors. The drill rig features a folding frame track and ...

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

Down The Hole Drill Rigs Kaishan Group Co., Ltd. is a well-equipped company with strong technical force, specialized in Water Well Drilling Rig, Screw air compressor, Surface Drill ...

The KT11 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive the ...

The KT15C integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine,stonework blast ...

KT10 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw compression system and ...

KAISHAN provides a full range of drilling rigs designed for different applications in the mining, tunneling, and other infrastructure industries.

The KT10 integrated down the hole drill rig is driven by the Cummins China stage III diesel engine and the two-terminal output can drive the screw compression ...

Are you wondering which kind of drilling rig and compressor are the best choices? Maybe you can find the answer in KAISHAN Group. We are the biggest air ...

Kaishan drilling rig is best for quarrying, surface mining, underground mining, construction, exploration drilling industry applications. Best Services!

The KG520/KG520H down the hole drill rig for open use is an improved device in compliance with national

Kaishan kt10c down-the-hole drill rig

regulations on diesel-engine emissions.

ZT10 integrated surface DTH drilling rig is using Yuchai diesel engines as a single power, by both ends of the output at the same time to drive the screw compression system and hydraulic drive ...

the KT10 integrated DTH drill rig for open use is an advanced drilling device integrating the DTH Drilling system and screw air compressor system, ...

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of down the hole drill rig to meet the ...

The KT12 integrated down the hole drill rig is driven by the Cummins China stage III diesel engine and the two-terminal output can drive the screw compression ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw compression system and ...

Zhengzhou Kaishan has complete vertical integration of production .Kaishan headquarters is located in Quzhou, Zhejiang Province,China, approximately 356 kilometers southwest of ...

KT12 Integrated Down the hole Drill Rig The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

The KT25 integrated down the hole drill rig for open use can drilling vertical,inclined and horizontal holes,mainly used for open-pit mine,stonework ...

The KT11 integrated down the hole drill rig for open use can drilling vertical,inclined and horizontal holes.mainly used for open-pit mine,stonework ...

Kaishan dth drilling rigs is robust performance in hard rock, fuel efficiency, wide drilling range & versatility, and easy maintenance.

kaishan dth drilling rigs are designed for high-capacity rock drilling in quarries, opencast mines & rock excavation. Call us for a FREE quote now!

KT10 integrated down the hole drill rig The KT10 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive ...

The KT15integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

Kaishan kt10c down-the-hole drill rig

The KT12 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit minestonework blast ...

The KT20 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of ...

KG610 Down The Hole Drill Rig KG610 folding frame track and four wheel drive are adopted; Add track leveling cylinders and the plunger piston tramming motor improves the working pressure ...

The KT15 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of ...

Kaishan surface down-the-hole stone drilling rigs/Mining and rock drilling rigs for civil engineerin Kaishan surface down-the-hole stone drilling rigs/Mining and rock drilling rigs for civil ...

Products Description KT15 DTH Drilling Rig With Cab and air compressor Kaishan KT15 integrated surface DTH drilling rig is a new drilling device which is carefully designed for large ...
