

KT10 Integrated Down-the-Hole Drill Rig "KG915/915D Open-pit Crawler Type Downhole Drill Rig KJ211 Full-Hydraulic Tunneling Drilling Rig DTH Drill for Quarrying DTH Drill for Quarrying ...

A down-the hole drill, usually called DTH by most professionals is basically a jackhammer screwed on the bottom of a drill string. The fast hammer action breaks the hard rock into ...

New product recommendation | KT15E intelligent open-pit down-the-hole drill rig (open-pit rock drilling robot) The KT15E intelligent open-pit down-the-hole drill rig (open-pit ...

The DTH drilling rig (down-the-hole) is a highly efficient rock drilling equipment used in open-pit mines, stonework projects, road construction, and other scenarios. It is also called a shallow ...

Go to [Tzpilemachine](#) for our high precision and high quality open-pit down-the-hole drilling rigs. Factory price open-pit down-the-hole drilling rigs, etc.,.

The KaiShan KZ5 open-pit down-the-hole drill rig integrates drilling, automatic rod loading and unloading into one compact and highly mobile unit. Specifically designed for open ...

Based on the KG910B drill truck, the KG915 open-air down-the-hole drill truck has innovatively designed the drill arm, drill pipe rack and operating platform, mainly including the following ...

KG915 open-air DTH drilling rig is based on KG910B drilling rig. It innovatively designs the drilling arm, drill pipe frame and operating table. The main features are as follows.

KG915 type open-air drill rig on the basis of KG910B drilling rig, innovative design of drill arm, rack for rods and operating floor, mainly has the following characteristics:

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of down the hole drill rig to meet the ...

DMiningwell 416T-1 small split down-the-hole drill rig is mainly used in quarries, cement mines, open-pit coal mines and other types of mines. It is equipped with a 3.5-inch impactor, a main ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air ...

1. Using its single power to drive the screw air compressor and drilling rig hydraulic system at the same time,

Kg915 open-pit down-the-hole drill rig

compared with the separated DTH drilling rig, the comprehensive fuel consumption ...

On the basis of KY125 drill truck, the KG920A open-air down-the-hole drill truck optimizes and upgrades the air circuit system, hydraulic system, drill arm components, traveling components, ...

MININGWELL Separated DTH drill rig drilling rig is used for open pit, mine, quarry, construction etc. And this mine drilling rig is with good integrity, ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

Product Description The KT15 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre ...

The KG420/KG420H drill rig is a hydraulic, diesel powered, self-propelled down the hole rig, designed for open use drilling operations. Equipped with a Yuchai four-cylinder engine, the drill ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the widest range of surface drilling ...

The KG410 down-the-hole drill rig for open-pit operations is an enhanced model compliant with national diesel emission regulations. Equipped with a Yuchai 4-cylinder China III engine, it ...

Down-the-hole drill DTH drill tool operated with drilling mud (Drillstar MUDHammer) A down-the-hole drill, usually called DTH by most professionals, is basically a jackhammer screwed on the ...

KT12 Integrated Down the hole Drill RigThe KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

KT7D integrates down-the-hole drilling system and screw air compressor system. It is a state-of-the-art drilling equipment capable of drilling vertical, inclined and ...

KG915 Wagon Drill is improved by KG910B Crawler Down the Hole Drill Rig. There are innovative design on the drilling arm, rack for rods. It mainly has the ...

The KG320/KG320H down the hole drill rig blast drilling rig for open use is an improved device in compliance with national regulations on environmental ...

Kg915 open-pit down-the-hole drill rig

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air compression system. Featuring a ...

The KG9 down the hold drill rig is designed for open pit mines and quarries for drilling holes with a diameter of ?105-152mm in vertical, inclined, and horizontal orientation.

The KG9 down the hole drill rig is designed for open pit mines and quarries for drilling holes with a diameter of ?105-152mm in vertical, inclined, and horizontal orientation.

KT7D integrates down-the-hole drilling system and screw air compressor system. It is a state-of-the-art drilling equipment capable of drilling vertical, inclined and horizontal holes. The drilling ...
