

Korea crawler core drill rental

Why should you rent a Kores drilling rig?

Save costs on smaller projects by renting Kores drilling machines. Kores offers fully hydrostatic drilling rigs for exploration on rent specific to your capacity and applications. With the rental solution, clients save not only on equipment costs but also on training.

What is a core drill rig?

A core drill rig is a specialized piece of equipment for core sampling. They allow professional drillers to extract a piece of the ground by drilling cylindrical holes in the surface, simplifying the drilling process and eliminating the need for purchasing specialty equipment.

Where can I rent a drill rig?

Currently, our available stock of drill rig rental equipment includes: Mobile Drill Intl, GTechDrill, VersaDrill Canada, Diedrich Drill, and more as well as various support equipment. Rig Source is experienced with shipping rental drill rig and rental crawler carrier units throughout the US and Canada, and has competitive weekly or monthly rates.

Can you rent a concrete core drill?

United Rentals offers a comprehensive fleet of concrete core drill rental options that are excellent for plumbing, mechanical or electrical work. Our core drills can remove cores with up to a 4-inch diameter and are ideal for removing cylinders from concrete walls and slabs. Get these exclusive online rates by renting through our website or app.

Which coring rigs are available for rent?

At Rig Source, we have a variety of coring rigs for rent from top-of-the-line brands including Geoprobe, Versatran, and GTech. These rigs are primarily used for mineral extraction, and our exploration drilling rigs help discover valuable resources below the Earth's surface.

What piercing services does Sunbelt Rentals offer?

Sunbelt Rentals offers Masonry & Concrete Core Drill Bit Rentals to pierce even the toughest materials. These rentals are durable and competitively priced.
