

Lanxi down-the-hole anchor drilling rig model

This integrated down the hole drill rig combines air compressor and drilling functions, perfect for DTH boring machine operations in mining.

Function introduction: This model is a fully hydraulic rotary anchor engineering drilling rig, mainly suitable for urban foundation pit support and control of building displacement, geological ...

HFGA-44 Affordable Mining Blasting Hole Drill/Crawler Down the Hole Hammer Drill Rig for Sale Compact size but powerful drilling capability. Applicable in ...

The crawler open-air down-the-hole drill rig can be equipped with various types of down-the-hole impactors, which can drill blast holes, pre-split holes, anchor ...

Anchor drilling machine (Anchor drilling machine) is a kind of high efficient drilling equipment used for foundation reinforcement, slope stabilization and tunnel support, which is specially ...

Classification and Characteristics of Anchor Drilling Rigs Full hydraulic anchor drilling rig. The rotary power, propulsion power, and auxiliary actions of this type of drilling rig are powered by ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH ...

The RC140Y down the hole drilling machine is an efficient and multi-functional drilling rig in harsh environments. It can drill to a depth of 62 meters and have ...

Crawler Mounted Anchor Drilling Rig With Full Hydraulic Power Head Main drilling methods: conventional down-the-hole hammer drilling, casing pipe drilling, ...

The drilling rig can be interchanged between down-the-hole and top-hammer drilling to meet different application needs. And it is easy to transport due to its compact dimensions.

Product Description JL-430s Down the hole anchor drill rig is a diesel and electric dual-use model, which can be power switched at any time. Equipped with ...

Small Pneumatic Down The Hole Anchor Drilling Rig Rock DTH Rotary Drilling Rig for Slope Mining, Find Details and Price about Drilling Rig Drill Rig from ...

Lanxi down-the-hole anchor drilling rig model

Established in June, 2003, Lanxi Machine is a professional manufacturer and supplier of engineering machinery. We are specialized in MD series anchor drilling rigs, MDL series ...

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the ...

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the drilling hole to rotate and drill to the ore ...

Main drilling methods: conventional drilling with down-the-hole hammer, pipe drilling, and auger drilling. In the drilling construction practice of various complex formations and different drilling ...

Related Drilling Machines As a professional drilling machine manufacturer and supplier, we not only provide DTH boring machine but also supply water well drilling machines, rotary drilling ...

The introduction of crawler chassis and four-link slide structure enables the drilling rig to operate at multiple angles in the tunnel, and the vertical lifting height covers a range ...

Anchor drilling rig is widely used in hydropower station, railroad, highway slope reinforcement, landslide management and other projects, especially for high slope rock anchoring projects. ...

DTH Drilling Rig Request price Min. Order: 1 Set Highlight DTH Rotary Drilling Rig Rock Drill Rig 4kw AC Motor Rotary Drilling Rig Origin China Drill Hole Depth Motor AC Motor Drill Bit ...

Model MM8 MM8 Massenza Drilling Rig is designed for working in all directions in micropiles, anchors, geotechnical investigations, and geothermal boreholes. The rig is designed for ...

The RC140Y down the hole drilling machine is an efficient and multi-functional drilling rig in harsh environments. It can drill to a depth of 62 meters and have a hole diameter of 115-150 mm. ...

The Small DTH (Down The Hole) Drilling Rig is a compact, mobile drilling machine designed for drilling deep and precise holes in a variety of geological conditions. These rigs are particularly ...

Model: RCDX-4 hydraulic core drilling machine Drilling depth: 300-1000m Drilling diameter : BQ, NQ, HQ, PQ Power: 180HP diesel engine Walking way : crawler mounted Drilling way : mud ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

The Foundation Pit Support Anchor Engineering Drilling Rig is crucial for ensuring the stability and safety of

Lanxi down-the-hole anchor drilling rig model

construction projects. By securely anchoring ...

Anchor rigs have many common names, such as bolt drills, rock drills, bolt percussion drills and so on. The powerhead is an integrated design of impact and rotation and has the function of ...

Automatic drill change and powerful off-road performance reduce rig assist time. The large displacement high pressure screw air compressor makes the slag ...

The anchor drilling rig is mainly used in landslide and dangerous rock mass anchoring projects to prevent and control various geological disasters of hydropower stations, railways, and highway ...

The anchor drilling rig is mainly used in landslide and dangerous rock mass anchoring projects to prevent and control various geological disasters of ...
