

Lianhuashan hydraulic rock drill structure diagram

Who is Lianhuashan rock tools?

We ensure you will get the right products and supports for your operations such as underground Development drilling, Longhole drilling and the surface drill and blast for quarry, construction and mining etc . LianHuaShan Rock Tools Co., Ltd is located in HuLuDao city, LiaoNing Province, China .

Who is Lianhuashan metallurgical machinery factory?

It was established in 1969 as LianHuaShan Metallurgical Machinery Factory for professional rock tools producer then restructured in 2003 . It is known as the national export-base for machinery-electricies products . The Company spirit : "Unity and Practicality; Improvement and Perseverance ".

What is Lianhuashan (LHS)?

The "Lianhuashan (LHS)" product brand is a well-known trademark brand and an internationally renowned brand in Liaoning Province and Huludao City. It belongs to the exclusive use of Lianhuashan Rock Drilling Tools Co., Ltd., and enjoys intellectual property rights and the right to use the trademark in accordance with the law.

Atlas Copco currently uses 17 types of hydraulic rock drills, which can be divided into 5 categories according to their uses, as shown in the chart. Among them, COP1132 rock drills can be used ...

Coal mine production and tunnel construction need to excavate rock stratum, but with the application of hydraulic rock drill in the excavation process, the cross-sectional area and length ...

Lianhuashan Drilling Tools (Huludao Lianhuashan Drilling Drilling Tools Machinery and Equipment Sales Co., Ltd.) is a professional rock drilling tool manufacturer with a long ...

In 1986, Lianhuashan Drilling Tools Co., Ltd. introduced a full set of HYD200 hydraulic rock drill production technology from France Secoma Company and successfully produced China's first ...

Lianhuashan Rock Tools Co., Ltd., located in Huludao City Liaoning province, is an authorized rock drilling tools factory with a 55-year history in the design and manufacture of rock drilling ...

Hydraulic rock drill is a kind of high-efficiency rock drilling equipment powered by high-pressure oil. In the impact rock drilling system, the rock drill is the power mechanism to complete the ...

YD150 In 1986, Lianhuashan Drilling Tools Co., Ltd. introduced a full set of HYD200 hydraulic rock drill production technology from France Secoma Company and successfully produced ...

Lianhuashan hydraulic rock drill structure diagram

Maintenance Services In 1986, Lianhuashan Drilling Tools Co., Ltd. introduced a full set of HYD200 hydraulic rock drill production technology from France Secoma Company and ...

The drill rod and the connecting sleeve are the power transmission mechanism, and the function of the drill bit is to break the rock to form a gun hole. The hydraulic rock drill is the key ...

HYD200E In 1986, Lianhuashan Drilling Tools Co., Ltd. introduced a full set of HYD200 hydraulic rock drill production technology from France Secoma Company and successfully produced ...

Integrated hydraulic rock drill and splitter is an advanced non-blasting rock-breaking equipment that can break very hard rocks. The rock drill and splitter ...

Structure and Characteristics of HYD200 HYD200 hydraulic rock drill consists of two parts: impact mechanism and independent slewing mechanism.

Depending on the supporting method, rock drill can be classified into hand-held rock drill, leg-support rock drill, and vehicle-mounted rock drill. Depending on the power ...

Using a self-designed hydraulic impact drilling test-bed and rock core drill, six groups of cylindrical granite specimens (93 mm dia. × 200 mm) containing ...

The management, use and maintenance personnel of hydraulic rock drills must undergo strict technical training and pass the examination before they can take up their posts. Because the ...

Rock drilling jumbo, also known as "drilling jumbo", is a kind of rock drilling equipment, mainly used for tunnel construction. Our company introduced the first NH178 rock drilling jumbo in ...

Nearly 30 years of hydraulic rock drill development history, enterprises have accumulated strong technical strength. Lianhuashan drilling tools give full play to their technical advantages, mass ...

Atlas. The number in the model of the hydraulic rock drill of Copco Company has 4 digits, the first 2 digits indicate the impact power of the rock drill, and the last 2 digits indicate the drill rod ...

HYD350E In 1986, Lianhuashan Drilling Tools Co., Ltd. introduced a full set of HYD200 hydraulic rock drill production technology from France Secoma Company and successfully produced ...

Madison Metals acquires one of Canada's largest undeveloped antimony deposits Follow LHS Rock Tools: Friendship Link Huludao Lianhuashan Rock Drilling Tools and Machinery ...

HYD200 In 1986, Lianhuashan Drilling Tools Co., Ltd. introduced a full set of HYD200 hydraulic rock drill

Lianhuashan hydraulic rock drill structure diagram

production technology from France Secoma Company and successfully produced ...

The hydraulic rock drill is an efficient rock-breaking tool widely used in mining, tunnel excavation, and construction engineering. Powered by a hydraulic system, it achieves rock fragmentation ...

Lianhuashan Drilling Tools (Huludao Lianhuashan Drilling Drilling Tools Machinery and Equipment Sales Co., Ltd.) is a professional rock drilling tool manufacturer with a long history in China ...

The hydraulic rock drill is the key equipment of the whole percussive rock drilling system. The structure of hydraulic rock drill generally includes impact mechanism, rotating mechanism, ...

LianHuaShan Rock Tools Co., Ltd ("LHS Factory ") is the manufacturer for full range of top hammer consumables including threaded rock tools, Down The Hole products, Air-Leg drilling ...

Proper use, repair and maintenance are the key to ensure the normal operation of hydraulic rock drill and give full play to its technical advantages. HYD200 hydraulic rock drill should pay ...

HYD350E In 1986, Lianhuashan Drilling Tools Co., Ltd. introduced the production technology of the HYD200 hydraulic rock drill from the French company Secoma, and successfully produced ...

1 the mid-1950s, rock drilling machinery manufacturers began to apply hydraulic technology to the control system of drilling vehicles. 2 the early 1960 s, rock drilling rigs had gradually ...
