

# Maoming excavator modified into down-the-hole drilling rig

Down-the-hole drilling (DTH) essentially involves a drilling hammer at the bottom of a drill string. It relies on three elements for drilling holes: bit loading ...

In mining, traditional down-the-hole drills are difficult to adapt to rugged terrain due to their heavy weight, and the equipment transfer takes up to 2 hours per time; in infrastructure construction, ...

Instead of investing in a separate drilling rig, companies can modify their existing excavators to perform drilling tasks, optimizing the use of available resources. 2. Enhanced ...

Product Description: The MX-150 Excavator Rock Drill Rig is a versatile and powerful drilling solution designed to convert standard excavators into efficient rock drilling machines. ...

Whatsapp:+86-17615783709Wachat:86-17615783709Email:lisa@sdplejx I can provide you with professional advice on purchasing construction machinery accessorie...

Excavator Modified Down-the-hole Drilling Rig Foundation Pit Support Hydraulic Anchor Drilling Machine 1 - 4 Sets \$26,000 &gt;= 5 Sets \$23,000 Customization: Customized logo (Min.Order: ...

Understanding Excavator Drill Rigs Excavator drill rigs are special attachments that convert normal excavators into powerful drilling machines. They are used in construction, ...

The Excavator-Modified Down-the-Hole Drill, also known as the Excavator-Mounted Hydraulic Down-the-Hole Drill, is a highly versatile and efficient tool. It seamlessly integrates with ...

The company offers a full range of drilling rig products, including water well drilling rigs, core - drilling rigs, truck - mounted drilling rigs, photovoltaic drilling rigs, down - the - hole drilling rigs, ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

Max. Torque 10000nm Product name Down-to-hole drilling rig Model 5 kinds of models Application Quarrying,mining,construction work Usage Install on the evcavator Weight/kg ...

Product descriptions from the supplier Product Description Specification item value Suitable Excavator (ton) 15-20 Place of Origin China Shandong Warranty 1 Year Weight 850 Core ...

# Maoming excavator modified into down-the-hole drilling rig

The difference is that the impact mechanism of the down-the-hole drilling rig - the down-the-hole impactor is installed on the front end of the drill pipe and dives into the bottom of the hole.

Shipping Shipping solutions for the selected quantity are currently unavailable Item subtotal (0 variations 0 items) \$0.00 Shipping total \$0.00 Subtotal \$0.00 Start order request Contact supplier

? Excavator modified down-the-hole drilling rig Fully hydraulic rock drilling and drilling work, economical and practical, easy to install, flexible in drilling and rock drilling, and ...

Excavator Modified Down-the-hole Drilling Rig Hydraulic Multi-functional Auger Drilling Rig No reviews yet China Macmax Machinery Co., Ltd. 2 yrs CN [CODE\_4]: ...

Discover how the right down-the-hole (DTH) drill rig can boost your mining and construction efficiency. Learn about rig types, key features, and ...

excavator attachments Excavator drilling rig Customizable Excavator modified down-the-hole drilling rig hydraulic multi-functional auger drilling rig \$23,000.00 - \$26,000.00 Min. Order: 1 set ...

An excavator modular drill rig is a combination of an excavator and a drilling system, designed to perform drilling tasks in a variety of terrains and conditions. It leverages the versatility of an ...

China Rugged Excavator Modified For Deep Hole Drilling Manufacture, Visit Here to Find the Rugged Excavator Modified For Deep Hole Drilling That You are Searching for.

The modified hydraulic rock drilling machine, known as the excavator converted into a down-the-hole (DTH) drill rig, is a mature mechanical rock excavation ...

Excavator modified photovoltaic drilling rig: a new solution for efficient mining In modern mining and photovoltaic engineering construction, traditional equipment such as drilling rigs, drilling ...

Excavation-to-drilling rig refers to engineering equipment that transforms ordinary hydraulic excavators to enable them to have drilling capabilities. It is widely used in mining, foundation ...

The Carter 320D excavator is converted into a down-the-hole drill, and the modular quick-change device is used to switch the operating mode within 10 minutes. Equipped with a Cummins ...

Versatile Excavator modified into down-the-hole drill Small DTH drilling for Precision Ground Anchoring Excavator Converted Drilling Rig for Underground Operations Versatile excavation ...

works Test new features NFL Sunday Ticket &#169; 2025 Google LLC

Digger drill is a special drilling equipment that combines the flexibility of an excavator with the drilling capability of a digger. This equipment enables efficient and accurate drilling operations ...

efficiency, especially suitable for hard rock formations and deep hole operations. 2. Versatility: Excavator-modified DTH rigs can be used not only for drilling but also for earthmoving, ...

The excavator modification for DTH drilling offers the following features and advantages: 1. High Efficiency: Utilizing the excavator's power system, the modified DTH drilling equipment ...

Provide users with ideal downhole solutions Excavator turns into a drilling rig in seconds to expand mechanical applications: Through simple modification, a conventional ...

Down-the-hole (DTH) drilling has made it easier for contractors to drill wells faster and more efficiently, and to transition from dirt boring to rock ...

We launched the intelligent Excavator Converted Drilling Rig, which deeply integrates the mature and reliable excavator platform with advanced drilling technology, giving it a strong adaptability ...
