

Measure xy-4 core drilling rig

Coring and exploration drilling rig, type XY-44 adopts the mechanism of mechanical transmission, vertical rotating and hydraulic feeding. It is used in ...

XY-4 CORE DRILLING RIG I. General XY-4 Core Drill is a new type high speed diamond core drill, designed according to the development of geological work in China and developed to ...

XY-1A drill is a portable hydraulic rig which on high speed. To meet the needs of different customers with widely practical use, we advance XY-1A (YJ) Model drill, which is added with ...

XY-4 CORE DRILLING RIG Multiple speed grades in forward & reverse revolving, meeting different drilling requirements. Long spindle stroke, higher drilling efficiency. ...

Coring and exploration drilling rig, type XY-44 adopts the mechanism of mechanical transmission, vertical rotating and hydraulic feeding. It is used in core drilling and suitable for drilling bit ...

Introduction: XY-4 core drilling rig is suitable for drilling solid mineral diamond and cemented carbide. It is also used in engineering geology, under-water exploration, superficial-layer oil ...

We produce and supply spindle type diamond core drilling rigs and all hydraulic core drilling rigs with the drilling capacity from 100 meters to 4200meters, mud pumps and other related drilling ...

The XY-4T drilling rig is a medium-shallow hole core drilling rig. It is a tower crane integrated drilling rig developed on the basis of our XY-4 drilling rig. Its drilling ...

XY-44 drilling rig is mainly adapted to diamond bit drilling and carbide bit drilling of solid bed. It can also be used for engineering geology and groundwater exploration; shallow layer oil and ...

XY-1A drill is a portable hydraulic rig which on high speed. To meet the needs of different customers with widely practical use, we advance XY-1A (YJ) Model ...

XY-4T tower crane integrated drilling rig I. Application Scope The XY-4T core drill rig, integrated rig with tower into one unit, consists of XY-4 drill rig and mast-type drill tower, with the function ...

XY-4 is a core drilling rig for middle and shallow hole. It not only can be used for hard alloy drilling, engineering geological reconnaissance, drilling of fluid mineral in superficial layer and natural ...

This product is a medium-depth core drilling rig. The machine is a spindle core drilling machine, mainly used for diamond drilling, capable of meeting the needs of various drilling processes. It ...

The XY-4T core drill rig, integrated rig with tower into one unit, consists of XY-4 drill rig and mast-type drill

Measure xy-4 core drilling rig

tower, with the function of hydraulic lifting and lowering of tower.

High quality XY-3 600 Meter Core Drilling Machine For Mining from China, China's leading product market core drilling machine for mining product, with strict quality control 600Meter ...

XY-4 core drilling rig In order to adapt to the development of the current geological exploration, the jiangsu province wuxi exploration machinery general plant co., LTD. Has developed an XY ...

XY-4 spindle type core drill rig Details I. General XY-4 Core Drill can be driven by Deutz F4L 912 diesel engine or 30KW electric motor. The drill has 8 rotary speed stage, the Max, speed 1588 ...

XY-4 spindle type core drilling rig is a new drilling rig with high speed. It is invented to stratify the state-of-art development of the geological industry and ...

Core drilling rigs are essential tools in the construction, mining, and geological exploration industries. Whether you're building a skyscraper, exploring mineral deposits, or ...
