

Model and Specifications of Bee DTH Drill

What is a DTH drill bit?

Epiroc has a comprehensive range of DTH drill bits to match all conceivable applications. Each bit is made from quality alloy steel, and has been precision machined to produce a perfect body, heat treated to the required hardness, given surface compression for fatigue resistance, and fitted with precision buttons manufactured in-house.

What is DTH drilling?

As drilling progresses, DTH drilling is primarily percussive drilling using the energy imparted by the hammer piston to the rock through the bit. Any attempts to apply too much weight could damage the bit, hammer and drill string and

What are the different types of DTH drill bits?

A-Valveless Blank-Valved ... H-Surface hardened T-Heavy duty ... Black diamond has a comprehensive range of DTH drill bits to match all conceivable applications. Each bit is made from quality alloy steel and has been precision machined to produce a perfect body, heat treated to the required hardness.

What size hole do you drill with DTH?

No. • button diameter, mm (inch) Inner Front Cone The optimum range of hole size for blast hole drilling with DTH is 90 mm to 254 mm (3 1/2" to 10"). Smaller blast holes are generally drilled using top hammer, and larger holes generally use rotary machines.

Can a DTH hammer be used with a single bit?

In other applications, like foundation drilling, DTH hammers can be used with single bit in hole sizes up to 914 mm (36"). With multiple hammer units, CD (Cluster Drills) drill holes up to 1778 mm (70") as standard. Larger cluster drills can be delivered as per customer request.

What is the maximum hole size for production drilling?

Maximum hole size for production drilling is the nominal hammer size plus 1 inch, so for a 4 inch hammer the maximum hole size is 5 inch (127-130 mm). Choosing the right hammer is largely determined by hole size and type of rock formation.

The PRD Max Drill is a high-performance borehole drilling rig with a pull-up force of 18,000 kg. It handles diameters from 6.5" to 14" and depths up to 600 meters, making it perfect for domestic ...

The optimum range of hole size for blast hole drilling with DTH is 90 mm to 254 mm (3 1/2"-10"). Smaller blast holes are generally drilled using top hammer, and larger holes generally use ...

Model and Specifications of Bee DTH Drill

Bit shanks and drill bits Epiroc has a comprehensive range of DTH drill bits to match all conceivable applications. Each bit is made from quality alloy steel, and has been precision ...

> Down the Hole (DTH) Drill Rods & Drill Pipes Down the Hole (DTH) Drill Rods & Drill Pipes North Star manufactures a complete range of drill rod and drill pipes for DTH and Rotary ...

The AirROC T35 is a medium-sized Both these machines are suitable for tophammer air drill rig. It features a limestone, aggregate quarries and unique VL 140 pneumatic rock drill. surface ...

A Puma®; DTH Hammer for every application Each Puma ®; Hammer has been specifically designed to suit a particular rock condition, obtaining the best ...

Heavy-duty track with triple-teeth shoe Hydraulic guide for drill pipe and mechanical manipulator for pipe adding and removal Fuel saving device (automatic unloading at impact pressure idle ...

The Sandvik D45KS is a diesel powered, propelled crawler mounted blasthole It is a mid-range production drill, standard high pressure air compressor for DTH equipped for drilling 152 to 229 ...

The KG726III/KG726HIII DTH drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai engine (China III), ...

DTH HAMMERS & BITS Hole Products offers a comprehensive range of high performance DTH hammers, DTH hammer bits, and accessories for use in the mining, construction, geothermal, ...

Unleash the power of DTH hammer drills with this insightful article! Discover how these drills expertly navigate tough rock formations using compressed air for precise drilling. ...

SWD series down-the-hole drills are widely used in blasthole drilling applications for surface mining, construction and quarries. Hole diameters range from 138mm to 255mm ...

Description ITEM: R-6-15-40 2009 Sandvik D1600 DTH Drill Rig C15 CAT Power 540 Hp #JRE08988 Carousel Rod Changer, Dust Collection System, Nice Cabin 3.5?? to 7??...

The customer can count on our service and support, supplied by the largest, most dedicated manufacturer of dth drilling tools in the world. We know down hole ...

The powerful rotary tricone and DTH hammer drill delivers a hole diameter of 5 7/8 in to 10 5/8 in (150 mm to 270 mm) and can achieve a clean hole 32.5 ft (9.9 m) in single-pass applications ...

KLR DTH-1500 CORE DRILL RIG KLR DTH 1500 is mounted on heavy duty 6x4 truck powered by

Model and Specifications of Bee DTH Drill

suitable engine. This is suitable for hole dia 6.5" (continuous), 9", 10" and 12" ...

Everdigm topammer excels in productivity Versatility Operator safety and ergonomics contributes to our drill rigs" high long-term value. Simple and rugged, Everdigm also offers features such ...

KEY FEATURES The FMT 115HCD (Hydraulic Crawler Drill) is a compact high power DTH drill, with its versatility, rugged construction, and superior technical features this drill is highly ...

General Information Hammer Air Consumption Air consumption information is generated from laboratory testing in shallow holes and without water injection. A complete list of air ...

This is a model of a DTH DCR 20 Drill. * Originally created with 3ds Max 2012 || SPECS || * This model contains 327 separate objects * This model contains ...

The KG726III/KG726HIII DTH drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped ...

Down-the-hole (DTH) drilling has made it easier for contractors to drill wells faster and more efficiently, and to transition from dirt boring to rock ...

DTH drill bit models and size specifications tableDTH drill bit is a drilling tool used in underground engineering, rock mining and other fields. YK drill models and size ...

The customized DTH drill bits are designed to excel in the most challenging drilling environments, offering durability, efficiency, and superior drilling performance.

KEY FEATURES The FMT 115HCD (Hydraulic Crawler Drill) is a compact high power DTH drill, with its versatility, rugged construction, and superior technical ...

Designed to drill holes from 165-250 mm (6.5-9.875 in) in diameter, the MD6250 is is optimized for single-pass or multi-pass drilling in both rotary and down-the ...

In other applications, like foundation drilling, DTH hammers can be used with single bit in hole sizes up to 914mm (36"). With multiple hammer units, CD (Cluster Drills) drill holes up to ...

DTHR-300 DTH CUM ROTARY DRILL RIG The comprehensive range of RI DTHR 300 drilling rig offered by us is widely used in DTH cum Rotary drilling rig which is suitable for hole dia 6.5" ...
