

Nanyang fully hydraulic open-pit down-the-hole drill rig

Down-the-hole drilling rigs | Choosing the right drilling rig You could need a drilling rig for a multitude of applications, for example to drill a well to access a ...

Product Application of Full hydraulic open-pit drill It is suitable for drilling hard and medium-hard (f10 and above) rocks, and can be used for rock blasting drilling ...

The blast hole range includes the Drill Master series, a proven market leader to this day, and the Pit Viper series, a premium range product that delivers highly efficient drilling with fully ...

The KT15C integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine,stonework blast ...

KT12 Integrated Down the hole Drill RigThe KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

SWDM 280BE-DTH is a full hydraulic surface drilling rig with cab, dust removal system, long distance travel driven by the engine and drilling working powered by electricity. It is suit for ...

It is a small and medium-sized open-pit down-hole equipment independently researched, developed, and manufactured by our company. It is mainly ...

TDS ROC S55 is a full-hydraulic down-the-hole drilling rig with excellent performance. The machine is equipped with two-stage high-pressure high-power screw head, high-efficiency ...

The DTH drilling rig (down-the-hole drilling machine) is a kind of drilling machine, which is mainly used for drilling in rock formations. The down-the-hole drilling ...

RCZ420T split-type fully hydraulic DTH drilling rig, with a maximum drilling depth of 30 meters, can drill vertical holes on slope surfaces. It is a hydraulic down-the-hole drill suitable for ...

We're professional down the hole hammer drill rigs for mining (mines) manufacturers and suppliers in China, specialized in providing high quality products and service. We warmly ...

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water ...

Nanyang fully hydraulic open-pit down-the-hole drill rig

This model is a full-hydraulic gyrator-type anchoring engineering drilling rig, which is mainly suitable for engineering construction such as foundation pit support and control of building ...

The HFKT7D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, It is capable of ...

MININGWELL Separated DTH drill rig drilling rig is used for open pit, mine, quarry, construction etc. And this mine drilling rig is with good integrity, ...

This machine is produced based on our company's years of drilling-rig-making experiences, which is specially designed to meet the demands of operators ...

SWDM 178A DTH is an efficiency hydraulic integrative drilling rig, which is suit for high-level and large-bore open-pit blasting operation with various rock ...

ZGYX-416-1 Crawler Type Fully Hydraulic Down-the-hole Drill Rig for Open Pit Mining with Dust Prevention System Blast Hole No reviews yet certified Zhejiang Miningwell Supply Chain ...

B4A 21M 2400N.M Hammer Drilling Rig Mine Drilling Rig The Hongwuhuan B4A drill rig is a type of full-hydraulic open-pit DTH (Down-The-Hole) drill rig. Below is a detailed introduction to this ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

CY-IDR250 Blasthole Drilling Rig The CY-IDR250 series down-the-hole drill rig is a new generation of intelligent drilling equipment developed for open-pit mining operations in ...

Down-the-hole drilling rigs | Choosing the right drilling rig You could need a drilling rig for a multitude of applications, for example to drill a well to access a natural resource (water, oil, ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

Our full hydraulic DTH drilling equipment is equipped with a high air pressure air compressor. This type of DTH rig machine is suitable for blasting perforation of ...

The open-air full hydraulic drilling rig comes with a heavy-duty hydraulic top hammer drill (23.4 KW). With its powerful rotary torque impact power and ...

XDH Series Portable Hydraulic DTH Drill Rig 1. Product Description XDH-110/XDD-110 hydraulic DTH

Nanyang fully hydraulic open-pit down-the-hole drill rig

drilling rig is widely applied to road, national defence, water conservancy, open-pit mine ...

The drilling hole range of TAIYE-X6A-DTH is 138-203mm. Working air pressure is 20-23bar, air displacement is 25m³/min is suit for open-pit mining, quarries ...

KH712D open-pit down-the-hole drill adopts new hydraulic technology and is a powerful assistant for rock drilling in open-pit mining, road construction, water conservancy, power stations and ...

JC710 hydraulic down-the-hole drilling rig is designed to meet the demanding requirements of open-pit mining and quarry drilling.

Go to Tzpilemachine for our high precision and high quality open-pit down-the-hole drilling rigs. Factory price open-pit down-the-hole drilling rigs, etc.,
