

New Zealand 70 down-the-hole drill rig

Drill Force has made a conscientious decision to enter the New Zealand drilling contracting market using only high quality modern multipurpose drilling rigs, ancilliary equipment, testing ...

Used Drilling Rigs and Equipment for sale. We sell unwanted Drilling Machinery and Equipment on behalf of the vendor. Drill Rig sales in New Zealand, Fiji, Samoa, Tahiti, Tonga, New ...

Down-the-Hole refers to where the hammer action occurs when compared to drifter hammers, which hammer on top of the drill string. The DTH hammer piston always makes direct contact ...

With 40+ rigs in our drilling services fleet, we have our client's needs and requirements covered. This includes the different styles and drilling depths that other companies may find daunting ...

Used Drilling Rigs and Equipment for sale. We sell unwanted Drilling Machinery and Equipment on behalf of the vendor. Drill Rig sales in New Zealand, Fiji, ...

Different Models of Down the Hole Drilling Rigs: YGD-70/100 DTH Drilling Rig YGD70/100 DTH drilling rig is a kind of compound power model, powered by a ...

For 27 years we've been successfully completing drilling projects throughout New Zealand. One of our major advantages is our size. CW Drill is large enough to ...

Our installation experience includes self drilling anchors, strand anchors, standard solid bar, fibreglass and a full range of mechanical anchors all installed in a range of ground conditions. ...

HAMMER DEVELOPMENT The Down-the-hole or DTH hammer is used for drilling holes through a wide range of rocks and associated materials and the variety of applications to which it can ...

Antares Hire has the latest Piling and Drilling Equipment and Technology For Hire and we deliver to projects across New Zealand. We provide state-of-the-art ...

Explore the most comprehensive line of surface rotary and DTH blast hole drilling rigs in the industry, with a multitude of configurations to choose from and ...

Drainage and Geotech drilling in New Zealand Blast hole drilling in New Zealand and Australia Diamond coring under ground and surface RC (Reverse circulation) DTH (Down the hole ...

DTH drilling, also known as Down-the-Hole drilling, is a method used to drill boreholes into the earth's

New Zealand 70 down-the-hole drill rig

surface. This technique involves a hammer that is ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH ...

We design and manufacture exploration drilling rigs for clients in New Zealand and around the world. Our high-level design, 3D modelling, simulation, ...

Discover how the right down-the-hole (DTH) drill rig can boost your mining and construction efficiency. Learn about rig types, key features, and ...

Built for mobility and precise down-the-hole drilling in small to mid-scale construction sites, JC710 offers a balanced combination of compact design, efficient power transmission, and stable ...

Discover how the right down-the-hole (DTH) drill rig can boost your mining and construction efficiency. Learn about rig types, key features, and expert tips from Unite Machinery.

A large track mounted multi-purpose rig. It weighs 24t and is suitable for large diameter cased bores, deep rotary mud bores and wireline core drilling.

The current knowledge and skills base means we don't just drill the holes, but know what they are for and what the job involves. Our experience and ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

The SD150 drills 90 - 152mm diameter holes with 3.5"/4"/5" hammer and 60/76mm drill pipes to depths up to 17 meters when equipped with 5+1 drill ...

Down-the-Hole (DTH) drilling is a technique used to create deep, precise holes in hard rock and challenging ground conditions. In this method, ...

"Down the hole" refers to where the hammer action occurs when compared to drifter hammers, which hammer on top of the drill string. The DTH hammer piston always makes direct contact ...

Extendable mast to allow for large rig performance and 6m rod pulls. Triple tube coring range 70m - 100m Fast borehole characterisation with Wash Drilling Efficient shallow depth site ...

Rock Drilling There are three methods of rock drilling for production holes: Rotary high rotational speed, low torque and thrust low ...

New Zealand 70 down-the-hole drill rig

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of compressed air and driven into the ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...

The drilling site should be prepared, and drill holes marked before drilling. The driller should record every drill hole including date, time, length, inclination, and position relative to a fixed ...

KH712D open-pit down-the-hole drill adopts new hydraulic technology and is a powerful assistant for rock drilling in open-pit mining, road construction, water conservancy, power stations and ...
