

## Peru diesel mobile air compressor model

What makes mobilair a great portable compressor?

As true powerhouses of the MOBILAIR range, these oil-injected portable compressors combine exceptional performance with compact design. The necessary power is provided by EU emission level V engines to ensure dependable and environmentally-friendly operation.

How much pressure can a portable compressor deliver?

Once in progress, more pressure and lower delivery volume are then used for long sections. The best part: Our portable compressors with diesel engine deliver pressures between 6 and 14 bar, with a maximum flow rate of 48.1 m<sup>3</sup>/min. Discover MOBILAIR!

Can a mobilair portable compressor have a microfilter?

Depending on the specific application, MOBILAIR portable compressors can also be equipped with microfilter combinations for technically oil-free compressed air, such as required for blasting applications as per German ZTV-ING regulations.
