

Recruiting rotary drilling rig engineers

Who are global drilling recruitment specialists?

Global Drilling Recruitment Specialists. Forward Thinking. Clear Goals. People First. - It's what we do. Our highly experienced and dedicated drilling team specialise in the provision of Core Drill Crew as well as the subsidiary Marine, Engineering and Maintenance-based disciplines associated with Drilling operations offshore or in dock.

What does a site investigation rotary drilling rig supervisor do?

To manage the safe and efficient operation of a site investigation rotary drilling rig and associated activities, including to supervise, assist and direct the Assistant Driller, whilst maintaining full responsibility for the rig and work area

How do I streamline the hiring process for Oil & Gas roles?

The best way to streamline the hiring process for oil & gas roles is to partner with VALiNTRY or other staffing agencies that specialize in Oil & Gas recruitment. Start Your Journey to Smarter Staffing Today! VALiNTRY offers top-tier Oil & Gas Industry Staffing Solutions.

Are you retaining top-tier talent in the oil & gas industry?

Finding and retaining top-tier talent has always been a challenge for hiring leaders in the Oil & Gas industry. From Rig Managers to Project Managers, competition for this limited talent pool is fierce and often forces managers to compromise on quality.

How can oil & gas recruiters fill the skills gap?

Develop knowledge transfer programs, implement succession planning, and focus on recruiting and training younger workers to fill the skills gap left by retiring professionals. What Are the Latest Trends in Oil & Gas Recruitment?

What percentage of oil and gas workers leave a rotary table?

The vast majority of turnover in oil and gas occurs on drilling rigs, more specifically around the rotary table. This isn't anything new, in fact it has been extremely high for years. Drilling and rig moving companies typically see 8 out of 10 workers leave within the first month. That's 80% turnover.

In a short span of 34 years, Drilltech Engineers Private Limited, today is a leading company in Piling Foundation, Engineering, and Infrastructure Development with a Primary focus on the ...

The rotary drilling process comprises several essential steps: Ground investigation: Before work begins, a geotechnical investigation is carried out to ...
