

Red Five Down-the-Hole Drilling Rig

What is a down the hole drill?

A "down the hole" (DTH) drill is a piece of drilling equipment used in mining, construction, and exploration activities. It is specifically designed for drilling large-diameter holes in hard rock formations.

What is a blasthole rig & Drill?

Blasthole rigs and drills don't need much explanation. They're used for drilling a hole into the surface of the rock, packing the hole with explosives and then detonating those explosives in the blasthole to break up rock and hard minerals to make it easier to remove.

Where can I buy a down-the-hole drill rig?

Down-the-Hole drill rigs Sales & Marketing Head office & Factory Room#1203, WoolimLion's Valley2, 2 Gasan digital 1-ro, Geumcheon-gu Seoul, Korea Tel +82-2-801-0780 Fax +82-2-801-0899 Email Drill@everdigm.com 49, Buyeong-gil, Jincheon-eup, jincheon-gun, Chungcheongbuk-do, Korea Tel +82-43-530-3300 Fax +82-43-530-3426

How deep can a drill rig Drill a hole?

Designed to drill clean holes of 6-1/2 inch (165mm) to 8 inch (203mm) diameter to a maximum depth of 175 ft (53.3m) using 25 ft (7.6m) long rods and 120 ft (36.5m) using 30 ft (9m) long rods. REL'S DTH Drilling Rig - Manufacturers of Down the Hole Drills for Mining, Quarrying & Construction.

How deep can a c615 D Drill rig Drill?

Diameter : 4" (101.6mm) to 6" (152.4mm) Single pass depth : 13.12 ft (4m) Multi pass depth : 52.5 ft (16m) The C615 D Jack-less DTH Drilling Rig is designed to drill holes of 4 inch (101.6mm) to 6 inches (152.4mm) up to a maximum depth of 52.5 ft (16m). Built to drill in limestone quarries, aggregate mines and various construction applications.

How deep can a c625 D drill drill a hole?

The C625 D Jack-less Down the Hole Drill is capable of drilling clean hole of the diameter of 4" (114 mm) to 6" (171 mm). The sturdy mast of the C625 D delivers a single pass depth of 16.4 ft / 19.6 ft (5m / 6m) and multipass depth of 98.4 ft / 78.7 ft (30m / 24m).

KQTG-150 Down-The-Hole drilling drig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for ...

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your

Red Five Down-the-Hole Drilling Rig

productivity and sustainability, while reducing your total operation cost and ...

Because Down-The-Hole hammers use a rapid percussive action to crush the rock they require much lower feed force (pull down) and rotation torque than ...

Down the hole drilling rig is to make the impactor dive into the hole in the process of rock drilling to reduce the energy loss caused by the transmission of the impact energy transmitted by the ...

Down-the-hole D460A drill rig: handles 115-152mm holes up to 35m deep, with a Cummins engine, heavy-duty boom, and hydraulic feed. Includes a 2000 ...

Butch's RD20 men quickly are becoming old hands. The last 440-foot hole took less than five hours from setup to cemented well. To rig down took 40 minutes. "We had the well ...

DTH drilling, also known as Down-the-Hole drilling, is a method used to drill boreholes into the earth's surface. This technique involves a hammer that is ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

The DI550 down-the-hole drill rig is a match for 5-in. hammer drilling, but Sandvik says the rig is also productive with 4-in. and 6-in. hammers. The DI550 is equipped with a 328 ...

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

Down the hole drilling rig is to make the impactor dive into the hole in the process of rock drilling to reduce the energy loss caused by the transmission of the ...

Blasthole rigs and drills don't need much explanation. They're used for drilling a hole into the surface of the rock, packing the hole with explosives and then ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

A "down the hole" (DTH) drill is f drilling equipment used in mining, construction, and exploration activities. It is specifically designed for drilling large-diameter ...

KT5D Integrated Down The Hole Drill Rig For Open Use can drill vertical, inclined and horizontal holes, used for drilling and pre-splitting holes in open pit mines and stone works, etc.

Red Five Down-the-Hole Drilling Rig

Down-the-hole (DTH) drilling is a method used to drill boreholes in hard rock formations for various applications such as mining, construction, and quarrying. This technique involves a ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

How Borewell Machine DTH (Down The Hole Drilling) Rigs Works - 3D Animation today's modern borewell dth (down the hole) drilling rig machines can drill up ...

The ZT44 is a down-the-hole surface drill rig designed for mining-duty applications. It offers high reliability and production with purpose-built structures, a high horsepower engine and large ...

DTH hammer is used for drilling holes through a wide range of rock types, the variety of which continues to extend well beyond the original conception of early blast hole drilling. Down-the ...

The DCRL130, from Furukawa FRD, is an environmentally friendly & compliant rock drill that is proven, reliable & high-performing while conforming to market-specific emission regulations.

Down The Hole Hammer Drill Rigs for Mining, the ZEGA D470A's diesel-powered, down-the-hole (DTH) drill has excellent mobility, a smaller footprint and the ability to serve multiple sites. It is ...

Different Models of Down the Hole Drilling Rigs: YGD-70/100 DTH Drilling Rig YGD70/100 DTH drilling rig is a kind of compound power model, powered by a ...

Air capacity is the most important factor affecting down-the-hole performance. The engine and compressor in a SmartROC drill rig are controlled by an intelligent system which delivers more ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and construction industries. Features include a self ...

Halco Rock Tools Ltd is recognised as a leader in the design, development, manufacture, servicing and repair of "Down the Hole" (DTH) Percussive Rock Drilling Tools.

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the perfect solution for your needs.

Having a knowledgeable and available world-class partner on site or online, makes the difference between doing it alone and tapping the experience and ...

5.1.1a: Drills, Explosives Loaders, and Rippers Drills Drills are used to create a hole of a certain diameter and depth. Occasionally, the goal of drilling is to ...

Red Five Down-the-Hole Drilling Rig

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of compressed air and driven into the ...
