

Rock drill rig drill rod threading machine

Optimise your drilling efficiency with Sandvik top hammer tools, delivering enhanced production, reduced maintenance, and sustainable operations.

We employ high-quality materials to manufacture drill rods, ensuring consistent performance and stability. Our drill rods undergo rigorous heat treatment and carburization processes, making ...

The VX500 Trailer Drill Machine Range is designed to ultimately reach the hard to get places with ease. The Trailer Drill Rig is light weight and can be towed or transported easily. With a variety ...

We offer a complete range of DTH drilling tools including hammers, bits, pipes, adapters, breakout benches and grinding machines with consumables.

Speed drill rod Speed drill rod are made by hollow drill steels; We use advanced production technology CNC and hollow drill steel processing by Boring ...

The damaged thread will damage the good one and the problem multiplies. Incorrectly joining a drill rod joint can also cause binding which will lead to thread damage. A joint that has gone ...

Rock bolting rigs are specialized machines used to drill clean holes and install rock bolts for stabilizing rock surfaces in underground mining and tunneling ...

Subs & Adapters are essential for connecting different thread types or sizes on drill rods and casing pipe. Finding the right tooling sizes and styles for various ...

Together with our sister company Thor drill Rig we provide a turn-key operation providing Drilling machines and equipment of the highest quality to customers ...

WL & WT threads have been used for diamond core drilling rods for more than a decade and proven their quality and durability both in the local and the foreign ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For example; oil and gas, construction ...

Threaded Drilling Tools Working with hydraulic drill rig, Threaded Drilling Tools are widely used in tunneling, mining and construction field because of high ...

Threaded connection drill bit: Threaded connection drill bit, due to its reliable connection, can transmit larger

Rock drill rig drill rod threading machine

torque, and is convenient for ...

MW300G reverse circulation water well drilling is a new type of multi-purpose, high-efficiency, environmentally friendly, multi-track type drilling rig, which ...

Product Description T60 Threaded Drill Rod Stone Drilling Tools With Heat Treatment Process for Bench Drilling Thread extension steel bars for rock ...

This DTH OBC (on-board compressor) unit has a unique rock drilling capability rig and is our flagship pole planting rig. Our Triple H DTH OBC unit is capable of drilling with both ...

Sun Machinery is the place for contractors to buy and sell rigs and vessels and related equipment. Our database contains thousands of used equipment for sale, which are presented and ...

A thread drill rod, also known as extension rod, is an alloy steel rod with threaded ends used in drilling operations. It serves as a connecting link between the drilling rig and the drill bit, ...

Our Products Our high-performance percussive drilling tools include threaded and tapered drill bits, DTH hammers and bits, extension and tunnelling rods, ...

The Omega sealed bearing product line, takes With Epsilon, Omega, PARD, and Teamalloy, we the guess work out of drilling. Omega bits are offer a total solution for any application. We back ...

Rapid feed the rock drill backwards until the drill rod is almost out of the upper drill steel support by moving the lever for rapid feed to UP position. Following which, reset the lever to ...

N& N Drilling Supply manufactures high-quality drill rods with a variety of thread types to suit different drilling applications. Whether you need standard-depth drill rods, deep-hole drill rods, ...

Tapered thread drill rods, on the other hand, offer easy interchangeability of drill bits and are commonly employed in drilling operations that require frequent bit changes. By choosing the ...

Top hammer drilling tools is a kind of rock tool consumables widely used in top hammer drilling applications, such as open-pit mining, quarrying, underground ...

Thread drill rods are integral components of the drilling assembly, connecting the drill bit to the drilling machine. Their threaded design allows for a secure and efficient connection, providing ...

Vermeer HDD tooling is built to handle any jobsite. From drill rods to connection systems and reamers, see the horizontal directional drill parts you need.

Rock drill rig drill rod threading machine
