

Russian fully hydraulic down-the-hole drilling rig rental

Where can I rent a drill rig?

Rig-Rents offers Bay Shore Systems drill rigs, piling equipment, and tooling for rent nationwide.

Why should you rent a drilling rig?

In the dynamic drilling industry, there is nothing more important than high-quality equipment rentals. Drill rig rentals not only provide flexibility but also ensure that drilling contractors are getting the latest and best equipment without the complexities of owning a rig.

Who is drilling equipment?

Service company "Drilling Equipment" LLC is a modern and rapidly growing oilfield products and services supplier, which is driven by the goal of becoming one of the best and the most cost effective providers of high tech solutions for oil and gas customers in Russia and abroad.

What is a core drill rig?

A core drill rig is a specialized piece of equipment for core sampling. They allow professional drillers to extract a piece of the ground by drilling cylindrical holes in the surface, simplifying the drilling process and eliminating the need for purchasing specialty equipment.

Do you offer low overhead drill rigs?

We offer low overhead models for limited access drilling, Kelly bar extensions, and rubber pads or steel tracks on all drill rigs. We understand the importance of efficient and safe operations. Every piece of equipment undergoes meticulous maintenance to ensure optimal performance on your next drilling project.

Where is the manufactured drilling equipment used?

The manufactured drilling equipment is widely used in Russia, CIS countries, Europe and Africa. The equipment meets modern requirements, successfully fulfills the tasks ahead of it. In addition, we manufacture all the required spare parts and drilling tools.

Our Rig Rental Services provide high-performance and well-maintained drilling rigs for oil & gas, construction, and geotechnical projects. Whether you need a ...

PowerROC D60, a hydraulic down-the-hole drill rig, perfectly meets the needs of open-pit mines and quarries when it comes to drilling big holes. With the well ...

1. Using its single power to drive the screw air compressor and drilling rig hydraulic system at the same time, compared with the separated DTH drilling ...

Russian fully hydraulic down-the-hole drilling rig rental

We specialize in the manufacturing of water well drilling machines, open-pit down the hole drilling machines, wire rope coring drilling machines, tunnel drilling machines, and photovoltaic drilling ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

Hardrock Hydraulic Drilling Rig is fully hydraulic control drilling machine. It can be used as Well Drilling Rig and Blast Hole Drills. There is independent control ...

REL & TTM, Russia is Manufacturers of Drilling Rig Machine. We Specialized in Rotary Blast Hole Drills, Down the Hole Drills & Water Well Drills.

The KT15C integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

PRODUCTS More Fully hydraulic core drilling rig Crawler hydraulic down the hole drilling rig Mechanical top drive drilling rig Exploration drilling rig Pneumatic water well drilling rig

CSD200A a state-of-the-art, fully hydraulic water well drilling rig designed to deliver exceptional performance across various geological ...

The HD-20B portable drilling rig is fully hydraulic driven and modular designed. Using quick coupling achieves rapid assembling and disassembling of hydraulic components and makes ...

A core drill rig is a specialized piece of equipment for core sampling. They allow professional drillers to extract a piece of the ground by drilling cylindrical holes in the surface, simplifying ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

The DTH drilling rig (down-the-hole drilling machine) is a kind of drilling machine, which is mainly used for drilling in rock formations. The down-the-hole drilling rig uses the impactor and the ...

Crawler hydraulic down the hole drilling rig Mechanical top drive drilling rig Exploration drilling rig Pneumatic water well drilling rig Dual power head rock core drilling rig Air-lift reverse ...

Companies that handle oil and gas projects, water supply systems, and mining operations require heavy-duty machinery that can penetrate hard surfaces ...

Home Service company "Drilling Equipment" LLC is a modern and rapidly growing oilfield products and

Russian fully hydraulic down-the-hole drilling rig rental

services supplier, which is driven by the goal of becoming one of the best and ...

Crawler Mounted Hydraulic DTH Drilling Rig The crawler-mounted drilling rig is particularly designed for drilling big holes, such as blastholes and photovoltaic holes. Equipped with an ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are ...

The Russia DTH (Down-The-Hole) drilling machines market plays a crucial role in the country's mining, construction, and energy industries. As Russia remains one of the world's largest ...

Full hydraulic down-the-hole (DTH) drilling rig is a drilling rig for sale that uses oil pressure to drive and control all moving parts in the process of adjusting the ...

JK drilling, a professional drilling rig manufacturer from China, is experienced in providing high-quality and high-efficiency surface drilling equipment to meet various needs in different industries.

Our Geoprobe® 420M portable drilling rig was designed specifically to be durable yet as lightweight as possible. Call: 1 (888) 240-4328 for pricing and ORDER ...

Integra Group provides for rent the following drilling tools and equipment used for drilling and workover of wells: o screw downhole motors; o geared turbo-drills; o ...

Hydraulic drilling rigs are used for drilling wells, such as oil or water wells, or holes for piling and other construction purposes, into the earth's subsurface. Full hydraulic drilling rig ...

Different Models of Down the Hole Drilling Rigs: YGD-70/100 DTH Drilling Rig YGD70/100 DTH drilling rig is a kind of compound power model, powered by a motor and compressed air. The ...
