

Sandvik D331 rock drill

Sandvik DB331 Secondary Breaking Unit (SBU) offers a safe operating process for effective ore facilitation tasks such as rock boulders reduction, hang-up blockage releases in draw points, ...

Sandvik Tamrock-Drilling Machine DL331 is a drilling machine with high efficiency and reliability guaranteed. This machine stands out in the industry with its technical features.

Explore optimal longhole drilling solutions with the Sandvik DL331 rig, a reliable drill designed for productivity in underground mining operations.

Enhance your longhole drilling efficiency with the Sandvik DL421 drill rig, a robust and efficient solution designed for underground mining.

Our new Sandvik RDX5 rock drill now replaces the previous HLX5 model, capitalizing on the existing reliability and efficiency of its predecessor - whilst further improving/lowering operating ...

With a complete range of equipment and tools, services and technical solutions, we help the mining and infrastructure industries increase efficiency, cut costs ...

TECHNICAL SPECIFICATION Sandvik DL421 is a fully-mechanized and compact electro-hydraulic top hammer longhole drill designed for underground mass mining in 3.6 x 3.6 m or ...

This page provides you with SANDVIK DL331 Longhole drill rig parameters, prices, pictures and other information. It is the main website for your SANDVIK DL331 Longhole drill rig ...

Sandvik DL331 is a top-hammer longhole drill engineered for work in underground mining drifts with cross sections of 3 x 3 m or larger. This one-man-operated ...

Sandvik RD314 is a compact percussive rock drill, with a high hydraulic efficiency and penetration rate, designed for bolting and face drilling rigs. Features Compact design Sandvik RD314 ...

Top hammer drilling tools Sandvik's complete range of Top Hammer drilling tools is designed to transmit intensive impact power into the rock, while at the same time reducing loss of energy.

35 years of experience The Professionals' choice Delkom keeps approx. 15.000 products ready for shipment in its stocks and continues its uninterrupted production, has been the choice of ...

TECHNICAL SPECIFICATION Sandvik DB331 is a Secondary Breaking Unit (SBU) for rock boulders

Sandvik D331 rock drill

reduction and ore facilitation under draw points, it is an autonomous drill based on ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...

TECHNICAL SPECIFICATION Sandvik DL331 is a fully-mechanized, highly versatile and compact electro-hydraulic top hammer longhole drill designed for underground mining in 3 x 3 m or ...

Utforsk optimale løsninger for langhullsrigg med Sandvik DL331-riggen, en pålitelig rigg som er utviklet for produktivitet i gruvedrift under jord.

DELKOM is the world's best quality alternative rock drill spare parts manufacturer for all brands of drill rig machines and rock drill drifters such as Atlas Copco, Epiroc, Sandvik, Furukawa, ...

A major breakthrough for us here at Sandvik was the integral steel in the late 1940's. Overnight, this material revolutionized rock drilling a hundredfold and significantly improved production as ...

Sandvik's complete range of Top Hammer drilling tools is designed to transmit intensive impact power into the rock, while at the same time reducing loss of energy. This results in increased ...

We offer battery-driven underground drills for all underground drilling applications. Sandvik DB331 is a mobile drill-and-charge unit that provides for efficient ore facilitation, such as rock ...

TECHNICAL SPECIFICATION Sandvik DU311 is a highly versatile and compact ITH longhole drill fitted with an onboard booster and designed for underground mining in 4 x 4 m or larger ...

De couvrez des solutions optimales de foration long trou avec la foreuse Sandvik DL331, fiable et conçue pour optimiser la productivité des opérations dans les mines souterraines.

Our offering of equipment and tools, service and technical solutions for mining and rock excavation covers rock drilling, rock cutting, crushing and screening, ...
