

## Sandvik S14 rock drill

Sandvik is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to supplying your operation with the premium brand of rock tools, our range of added ...

Our offering of equipment and tools, service and technical solutions for mining and rock excavation covers rock drilling, rock cutting, crushing and screening, ...

ROCK TOOLS SERVICES Sandvik is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to supplying your operation with the premium brand of rock ...

DR412i blasthole drill is designed to deliver dependable penetration and greater return on investment for rotary and DTH holes. From onboard automation that increases drilling ...

Top hammer drilling tools Sandvik's complete range of Top Hammer drilling tools is designed to transmit intensive impact power into the rock, while at the same time reducing loss of energy.

Sandvik is an engineering group providing products and solutions for mining and rock excavation, rock processing and metal cutting based on innovation, digitalization and ...

Sandvik's complete range of Top Hammer drilling tools is designed to transmit intensive impact power into the rock, while at the same time reducing loss of energy. This results in increased ...

Sandvik RD927L is a hydraulic top hammer rock drill designed for Surface tophammer rigs. It is capable of drilling 89 - 140 mm holes up to 36 meters in depth. Optimal hole range is from 89 ...

Sandvik RD314 is a compact, robust and universal hydraulic percussive rock drill. It is known for its hydraulic efficiency and high penetration rate. Sandvik RD314 has excellent serviceability ...

Sandvik RD414 is a compact hydraulic percussive top hammer rock drill. It drills with air or water flushing. The rock drill is equipped with a stabilizer to control contact between the drill bit and ...

Discover the future of efficient rock excavation with Sandvik's cutting-edge mining rock drill technology. Rocksan Group brings you precision

Traxxon is a leading supplier of surface drill rigs from Sandvik in Canada, providing precision rock drilling equipment for challenging applications.

The extreme compact design of Sandvik H200 hydraulic percussive rock drill, when mounted on the TUC

## Sandvik S14 rock drill

bolting head, provides to Sandvik bolters an ability to install bolts wherever it is need ...

A major breakthrough for us here at Sandvik was the integral steel in the late 1940's. Overnight, this material revolutionized rock drilling a hundredfold and significantly improved production as ...

Sandvik's high-performing rotary drilling tools offers tailored options for various rock types. View our range of rotary drilling tools for mining.

Providing Sandvik Rock Drills that will meet any of your construction needs Your drill rigs have to perform wherever and whenever needed. Our surface top hammer & surface down-the-hole ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...

Optimise your drilling efficiency with Sandvik top hammer tools, delivering enhanced production, reduced maintenance, and sustainable operations.

Our new Sandvik RDX5 rock drill now replaces the previous HLX5 model, capitalizing on the existing reliability and efficiency of its predecessor - whilst further improving/lowering operating ...

Products Whether you need to excavate, transport or process ore, rock or overburden more efficiently, our comprehensive range of cutting-edge surface and underground mining ...

Sandvik DD312i is an advanced single boom development drill for underground mine development and small scale tunneling. It features a compact carrier and ...

Intelligent longhole drilling with the Sandvik DL432i rig - a cutting-edge drill delivering precision and advanced technology for underground mining.
