

Sandvik rock drill 12 kg

Sandvik DT821-C is a two-boom electro-hydraulic jumbo for fast and accurate drilling in tunneling and cavern excavation. The hydraulic controlled drilling system with added automatic functions ...

The THC562 drilling control system with torque control and reaming hole selector increase drilling performance and reduces the wear on both rock drill and rock tools for an extended lifetime. ...

DT1232i Tunneling drill Technical Specification ROCKTECHNOLOGY.SANDVIK f RD535 rock drill Rod handling system Get up runnin SB160i instrumented ...

Sandvik DT922i is equipped with Sandvik Intelligent Control System Architecture (SICA) that is a well-proven and commonly used control system technology across a wide range of Sandvik ...

TECHNICAL SPECIFICATION Sandvik DT1231i is a computer-controlled three boom electro-hydraulic jumbo for fast and accurate drilling in tunneling and cavern excavations.

Sandvik HL1560T is a heavy hydraulic percussive rock drill with independent rotation and separate flushing, which ensures high reliability. It is equipped with hydraulic actuator ...

Round Extension Drill Rods Threaded drill rods are also known as hydraulic drill rods and heavy-duty drill rods, which connect with shank adaptors, hydraulic ...

DR412i blasthole drill is designed to deliver dependable penetration and greater return on investment for rotary and DTH holes. From onboard automation that ...

2 Rock Tools | ROTARY DRILLING BITS AND DRILL STRING TOOLS Safety is fundamental to us at Sandvik. Please make sure that you read and follow this information in order to stay ...

Discover the future of efficient rock excavation with Sandvik's cutting-edge mining rock drill technology. Rocksan Group brings you precision

RUGGED DESIGN Sandvik DR412i is equipped to drill 216 to 311 millimeter (8 1/2 to 12 1/4 inch) diameter blastholes with single-pass capacity of 18 meters (59 feet) or multi-pass capacity of ...

Sandvik iSeries electric rotary drills comes with flexibility in terms of electric motor. The electric motor is multi-voltage (4160-7200 V) and 50/60Hz rated to cover the global power supply needs.

Round Extension Drill Rods Threaded drill rods are also known as hydraulic drill rods and heavy-duty drill

Sandvik rock drill 12 kg

rods, which connect with shank adaptors, hydraulic drifters and drill bits to transfer ...

Sandvik DS312D is the ultimate versatile rock bolter. Powered in tramming and drilling by low emissions diesel engines (Tier 3, Tier 4F, China 4, Canmet or Stage V), this drill can be used ...

Sandvik RD525 rock drill delivers superior performance with high lifetime. Sandvik SB150i universal boom has a large optimum shaped coverage and full automatic parallelism. The ...

Powerfull RD927L rock drill - 27 kW AutoMine™; for Underground Drilling is a tele-remote system enabling an operator to remotely control and simultaneously supervise a single or multiple ...

This rig has automatic drilling functions and boom positioning including an optional fully automated drilling cycle, Sandvik DT1232i is equipped the high frequency RD535 rock drill and ...

Intelligent Control System Architecture (SICA), a well-proven and commonly used computerized control system in Sandvik drill rigs. DD212i also comes with our powerful and reliable rock ...

Typical applications for Ranger DX700 are road cutting, pipe-line drilling and foundation drilling, as well as production drilling in medium size quarries. Therefore Ranger DX700 is most often ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...

Ranger DX800i is a hydraulic, self-propelled, self-contained, crawler based surface drilling rig equipped with a cabin (F.O.P.S. and R.O.P.S.) and rod handling system.

Sandvik DR412iE blasthole drill enhances rotary and DTH drilling performance, maximizing returns. It features scalable automation, from onboard systems to full autonomy, adapting to ...

APPLICATION The Sandvik DT820-SC is a two boom electro-hydraulic jumbo for fast and accurate drilling in tunneling and cavern excavation of 12 - 110 m² cross sections. The ...

Grinding wheel (dry grinding) Grinding wheel (wet grinding) Kit for grinding plug hole drill steels Mounting bracket (for drill rig) Support for integral steels Grinding template for chisel bit ...

DR412i blasthole drill is designed to deliver dependable penetration and greater return on investment for rotary and DTH holes. From onboard automation that increases drilling ...

FAST AND AUTOMATED DRILLING PROCESS With the new RD5-series high frequency rock drills and rock tools, a fast automatic rod handling system, this drill is designed for high speed ...

Sandvik rock drill 12 kg

Sandvik HL820ST is a hydraulic top hammer rock drill designed for DL311 and DL321 underground longhole drills. It is capable of drilling Ø54 - 89 mm holes up to 38 meters in ...
