

Shanhe Intelligent Down-the-Hole Drilling Rig Split Machine

MWYX series products have the characteristics of high efficiency, environmental protection, energy saving and safety automatic drill change and powerful off ...

Multi-functional expansion of high-value embodiment Shanhe intelligent rotary drilling rig has a variety of configurations for you to choose from, to achieve-machine multi-function, diversified ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

Performance Characteristics of Sunhe Intelligent SWDM220 Rotary Drilling Rig 1. Super durable and reliable bearing The drilling reaction force of the rotary drilling rig is transmitted from the ...

Go to Tzpilemachine for our high precision and high quality split down-the-hole drilling rigs. Factory price split down-the-hole drilling rigs, etc.,.

Good products come from fine design.,As a product tailored for the construction of green intelligent mines.,New generation of Sunward IntelligenceBFThe series cutting ...

At the exchange meeting,Shu Minfei, general manager of Shanhe Mine, issued a construction record certificate of drilling 42888 meters per month to Andre and the rig operator. ...

It is understood that the Shanhe intelligent dual-power head powerful multi-function drilling rig is composed of a detachable dual-power head, a high-stability track-type ...

A down-the-hole drill, usually called DTH Drilling Rig, is basically a mini jackhammer screwed on the bottom of a drill string. The speedy hammer ...

The SWDM220 and SWDM300H rotary drilling rigs have continued the consistent characteristics of Shanhe Intelligent Rotary Drilling Rigs. They are applicable ...

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

Our down-the-hole drilling rig features high drilling accuracy and efficient performance, while the service life is also guaranteed.

Shanhe Intelligent Down-the-Hole Drilling Rig Split Machine

The split down-the-hole drill rig, with its split design, is convenient and fast to move, can quickly respond to drilling needs in different areas, and improve construction efficiency.

In this PK process, Shanhe intelligent SWDH89A open-pit hydraulic drilling rig wins strongly (work efficiency, fuel consumption, environmental protection index, failure rate, ...

It is reported that, Shanhe intelligent SWDM full range of rotary drilling rigs have the function of the machine under the casing, casing driver is a special combination of Sanhe. In ...

In 2003, China's first integrated down-the-hole drilling rig with independent intellectual property rights was successfully launched in Shanhe Intelligent. With high technical standards, the ...

The multi-functional rotary drilling rig with high technical level, rapid construction and wide application range represented by cast-in-place pile has strong vitality. Shanhe ...

A down-the-hole drill, usually called DTH by most professionals, is basically a jackhammer screwed on the bottom of a drill string. The fast hammer action breaks hard rock into small ...

Down The Hole Hammer Drill Rigs for Mining, the ZEGA D470A's diesel-powered, down-the-hole (DTH) drill has excellent mobility, a smaller footprint and the ability to serve multiple sites. It is ...

The rig is equipped with both down-the-hole and cone drilling modes.,Make the construction operation more convenient.;Double-motor two-stage reduction is adopted.,Adapt to a wide ...

This series portable diesel rotary screw air compressor primarily used with construction and mining required 780-138mm DTH drill, bolting rig, various ...

Recently,Andre, General Manager of a Mining Area, and His Delegation Visited Sunward Intelligence for Investigation and Exchange?At the exchange meeting,Shu Minfei, ...

In 2002, Shanhe Intelligence became the only host manufacturer in China that had independent intellectual property rights and was able to independently develop rotary rig control software. ...

1. High efficiency and energy saving: Sunward's intelligent SWDTH100H down-the-hole drilling rig adopts advanced hydraulic system and intelligent control technology to achieve efficient ...

A Down-the-Hole (DTH) drilling rig is a type of drilling equipment that drives a pneumatic hammer directly behind the drill bit at the bottom of the hole. This method delivers powerful, high ...

A down-the-hole drill is a type of c that performs underground operations in a rotating manner. It can perform

Shanhe Intelligent Down-the-Hole Drilling Rig Split Machine

underground drilling operations through its own rotation and propulsion, and is ...

Go to Tzpilemachine for our high precision and high quality down-the-hole drilling rigs. Factory price down-the-hole drilling rigs, etc.,

The KT11 integrated surface DTH drilling rig utilizes a single Cummins three-cylinder diesel engine with dual-end output, simultaneously driving both the screw compression system and ...

Great for Deep Drilling: Can drill over 300 meters deep. Flexible Setup: Choose the right compressor and drill for each job. Strong and Durable: Can work in hard environments for ...
