

Shanhe Intelligent Double-Boom Rock Drill

Underground

The Shift to Intelligent Jumbos Traditional manual drilling is labor-intensive and prone to safety risks. Intelligent jumbos, such as single boom and double boom models, revolutionize ...

The robust universal boom has a large optimum shaped coverage, 360° rotation and full automatic parallelism for fast and easy face drilling. The boom can also be used for cross ...

Shanhe Intelligent adheres to "pioneering innovation" and has created an intelligent and unmanned product cluster in the field of emergency rescue. The two products showcased in ...

The jumbo drill operates under pneumatic power and consists of several components that work together to carry out drilling operations efficiently and safely. The main ...

Shijiazhuang Coal Mining Machinery Co.,Ltd. Manufacturer of road headers, shearer, rock driller for blasting hole, side dumping rock loader, ...

Taiwan Cement Corporation (TCC Group) Taiwan has Released a tender for Skateboard Stop, Shanhe Intelligent Drilling Rig Swde165B, Item Number 859407110103, Etc. ...

We engineer an extensive range of underground drill rigs for mining development and production. Available in a variety of feed lengths, boom configurations and size classes, our underground ...

On April 29th, the Rock Drilling Equipment Division of Shanhe Intelligent Equipment Group was officially relocated to the Third Industrial Park. The "trinity" management ...

Drill jumbos are mechanized excavation machines used in underground works to drill blast holes in rock surfaces with accuracy and speed. Mounted on mobile carriers and ...

Performance Characteristics of Shanhe Intelligent SWDM360H Rotary Drilling Rig 1. Special chassis Special hydraulic telescopic chassis for rotary excavation, the main and auxiliary ...

5. Multi-functional expansion of high-value embodiment Shanhe intelligent rotary drilling rig has a variety of configurations for you to choose from, to achieve-machine multi-function, diversified ...

Recently, Shanhe Intelligent Full Hydraulic Open-pit Rock Drilling Rig Family has launched a new SWDH102S full hydraulic open-pit rock drilling rig. The high-reliability SWDH102S full ...

Shanhe Intelligent Underground Double-Boom Rock Drill

The SWDH89A open-air hydraulic drilling rig involved in PK was independently developed by Shanhe Intelligent Rock Drilling Equipment Research Institute. After several years of industrial ...

TECHNICAL SPECIFICATION Sandvik DT821 is a two-boom electro hydraulic jumbo for fast and accurate drilling in tunneling and cavern excavation. The hydraulic controlled drilling system ...

A large number of rock drilling and lifting equipment were being loaded intensively. As a new offline equipment of Shanhe Intelligent in March, After ...

The SWPDT125 deep well casing truck mounted drilling rig is the intelligent crystallization of Shanhe Intelligent's continuous utilization of its "pioneering innovation" advantages and more ...

Successful operations in mind. Together with the iSURE[®] tunnel management program, their intelligent control system, high frequency RD525 rock drills, robust booms and advanced drill string ...

CYJT45/2 is a double-boom hydraulic drill jumbo designed for medium to large underground tunnels, featuring flexible operation, strong drilling performance, and certified mining safety.

Intelligent booms for optimal coverage and flexibility Sandvik DD322i development drill features two SB55i intelligent booms with double roll-overs, electronic parallelism and instrumentation. This solid boom structure can support heavy loads and provides flexible use for face ...

The rig is equipped with both down-the-hole and cone drilling modes.,Make the construction operation more convenient.;Double-motor two-stage reduction is adopted.,Adapt to a wide ...

The SWDH89A open-air hydraulic drilling rig involved in PK was independently developed by Shanhe Intelligent Rock Drilling Equipment Research Institute. After several ...

Recently,Andre, General Manager of a Mining Area, and His Delegation Visited Sunward Intelligence for Investigation and Exchange?At the exchange meeting,Shu Minfei, ...

SITON is a professional manufacturer and supplier of jumbo drill machines in China. Double boom jumbo is a kind of two boom underground drilling jumbo machine typically used in tunneling ...

Drill Jumbos Series Product Our advanced underground drilling jumbo products are engineered for precision and efficiency in mining tunnels. Equipped with ...

[Shanhe Intelligent Rock Drilling and Lifting Equipment Launches in Batches]<p>On March 19, 2020, in Shanhe Industrial City, a large number of rock drilling and lifting equipment are being ...

Shanhe Intelligent Double-Boom Rock Drill

Underground

We introduce the latest equipment and technologies with independent intellectual property rights for unmanned mining, including intelligent and unmanned control technologies ...

Home Products Equipment Underground hard rock drills Mining Underground hard rock drills As you look to address the challenges posed by tough hard rock mining environments ...

?????????:"???"("??"???????,"??"?????????????????),??????200??????,???

Shanhe intelligent open-air hydraulic drilling rigs make a perfect answer The top hammer type open-air hydraulic drilling rig is provided with hydraulic rock drills to provide ...
