

# Shaoshan fully hydraulic open-pit down-the-hole drill rig

MININGWELL Separated DTH drill rig drilling rig is used for open pit, mine, quarry, construction etc. And this mine drilling rig is with good integrity, ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes, It is driven ...

SWDM 280BE-DTH is a full hydraulic surface drilling rig with cab, dust removal system, long distance travel driven by the engine and drilling working powered by electricity. It is suit for ...

The KT15C integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes. It ...

It is a small and medium-sized open-pit down-hole equipment independently researched, developed, and manufactured by our company. It is mainly ...

TAIYE-D8-DTH Full Hydraulic Crawler Mounted Large Diameter Blast Hole Surface Down-the-hole Drill Rig TAIYE-D8-DTH is an efficient hydraulic drilling ...

The drill rig's frame can rotate 0° - 180°, enabling a one - time positioning rock - drilling coverage area of 26.5 square meters. This greatly improves the drilling - hole - arrangement efficiency ...

KT12 Integrated Down the hole Drill Rig The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

DMiningwell 416T-1 small split down-the-hole drill rig is mainly used in quarries, cement mines, open-pit coal mines and other types of mines. It is equipped with a 3.5-inch impactor, a main ...

This model is a full-hydraulic gyrator-type anchoring engineering drilling rig, which is mainly suitable for engineering construction such as foundation pit support and control of building ...

The blast hole range includes the Drill Master series, a proven market leader to this day, and the Pit Viper series, a premium range product that delivers highly ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

# Shaoshan fully hydraulic open-pit down-the-hole drill rig

Product Application of Full hydraulic open-pit drill It is suitable for drilling hard and medium-hard (f10 and above) rocks, and can be used for rock blasting drilling ...

ZGYX-416-1 Crawler Type Fully Hydraulic Down-the-hole Drill Rig for Open Pit Mining with Dust Prevention System Blast Hole No reviews yet certified Zhejiang Miningwell Supply Chain ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

TAIYE-D6-DTH is a high-efficiency integrated fully hydraulic crawler drilling machine. It uses diesel and diesel-electric hybrid power to adapt to the ...

Fully hydraulic open-pit down-the-hole drill rig Powerful rock drills offer excellent, vertical drilling capabilities in the customer's drilling operations. The fully-integrated rock drill, with its ...

D Miningwell T635 fully hydraulic down hole drilling rig is designed for open pit mining, rock drilling and engineering exploration. Its core strengths are efficient rock drilling, flexibility in adapting ...

The open-air full hydraulic drilling rig comes with a heavy-duty hydraulic top hammer drill (23.4 KW). With its powerful rotary torque impact power and ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are ...

We're professional down the hole hammer drill rigs for mining (mines) manufacturers and suppliers in China, specialized in providing high quality products and service. We warmly ...

Down-the-hole drilling rigs | Choosing the right drilling rig You could need a drilling rig for a multitude of applications, for example to drill a well to access a ...

CY-IDR250Blasthole Drilling Rig The CY-IDR250 series down-the-hole drill rig is a new generation of intelligent drilling equipment developed for open-pit mining operations in ...

The drill pipe handling capacity of 4+1 allows for seamless operation and quick pipe changes, ensuring continuous drilling progress. Equipped with a maximum torque of 5,600 N.m, the rock ...

Our full hydraulic DTH drilling equipment is equipped with a high air pressure air compressor. This type of DTH rig machine is suitable for blasting perforation of ...

The open-air full hydraulic drilling rig comes with a heavy-duty hydraulic top hammer drill (23.4 KW). With

## Shaoshan fully hydraulic open-pit down-the-hole drill rig

its powerful rotary torque impact power and advanced control system, the rig is ...

It is a small and medium-sized open-pit down-hole equipment independently researched, developed, and manufactured by our company. It is mainly suitable for blasting hole ...

KH712D open-pit down-the-hole drill adopts new hydraulic technology and is a powerful assistant for rock drilling in open-pit mining, road construction, water conservancy, power stations and ...

Epiroc GIA full hydraulic down-the-hole drilling rig, adhering to ATLAS Group's leading technology, has high reliability and high drilling quality. It integrates down-the-hole drilling rigs ...

This machine is produced based on our company's years of drilling-rig-making experiences, which is specially designed to meet the demands of operators working in large-scale open-pit mines. ...

Mining Drilling Rig - Xuanhua Taiye Drilling Machinery Co ... Mining Drilling Rig. Taiye's open-air DTH series of drilling rigs can drill pre-crack holes in slopes, root-bottom holes, and step ...

SWDM 280BE-DTH is a full hydraulic surface drilling rig with cab, dust removal system, long distance travel driven by the engine and drilling working powered ...
