Who makes DTH drilling rigs?

JK Drilling, a professional drilling equipment manufacturer, provides a wide range of DTH drilling rigs that feature high efficiency, high quality and high cost-performance. JK Drilling has the unique ability to provide drilling solutions at all stages of the mining lifecycle, across a diverse range of commodities and geographies.

Where can I rent a drill rig?

Currently, our available stock of drill rig rental equipment includes: Mobile Drill Intl, GTechDrill, VersaDrill Canada, Diedrich Drill, and more as well as various support equipment. Rig Source is experienced with shipping rental drill rig and rental crawler carrier units throughout the US and Canada, and has competitive weekly or monthly rates.

Who is JK drilling?

JK Drilling, a prominent drilling manufacturer from China, has dedicated to designing, researching and developing a wide range of DTH drilling rigs, mainly including integrated and separated DTH drilling rigs.

Why should you rent a drilling rig?

In the dynamic drilling industry, there is nothing more important than high-quality equipment rentals. Drill rig rentals not only provide flexibility but also ensure that drilling contractors are getting the latest and best equipment without the complexities of owning a rig.

What is a direct push drilling rig?

Direct push drilling rigs are machines that use a hydraulic hammer drill to penetrate the ground. These are useful for collecting soil and groundwater samples without the need for rotary drilling. We offer a range of models for varying depths and needs from Geoprobe rigs.

What is an environmental drill rig?

Environmental drill rigs are a tool to investigate environmental conditions at a construction site. These rigs are important for identifying areas of soil or groundwater contamination and making sure that projects align with environmental regulations. Our rig rental options include brands like Diedrich, CME, Mobile Drill, and more.
