

Singapore geological engineering drilling rig manufacturer

Who is Singapore drilling?

Industry leading drilling services backed by a culture of quality and safety. Singapore Drilling is the trusted partner for leading oil & gas companies, providing efficient and sustainable energy solutions to meet the growing global demand. With over six decades of proven experience, Singapore Drilling delivers reliable and trusted services.

What is rig Resources Engineering Division?

Rig Resources Engineering Division is a core division of our company. With over 100 years of combined expertise in Rig Design Manufacturing, Derrick /Mast inspections and Installation of Drilling Structures, our in-house engineering team is constantly working to find effective solutions for implementation on customers rigs in need.

How does Singapore regulate offshore drilling & environmental protection?

The regulatory environment is crucial, as Singapore has stringent laws governing offshore drilling and environmental protection. Companies must comply with international standards, including those set by the International Maritime Organization (IMO) and local authorities like the Maritime and Port Authority of Singapore (MPA).

Who is rig resources?

We started Rig Resources with the hope of providing a unique approach to derrick solutions worldwide. Specializing in rope access, we quickly gained momentum and started branching out to other areas of expertise. Operating from our main office in Singapore, we are able to provide our services on a global scale.

How does Singapore drilling contribute to societal growth?

Additionally, Singapore Drilling invests in societal growth by empowering Saudi nationals, supporting local capacity building in its areas of operation, creating job opportunities, and fostering economic development.

Why should you choose Singapore drilling?

We are utilizing cutting-edge technologies to uphold our commitment to the United Nations' Sustainable Development Goals (SDGs). Singapore Drilling delivers exceptional drilling services through its cutting-edge capabilities and expertise, generating genuine value for its partner companies and the economies in which it operates.

Pre-Mat Drilling Supplies Pte Ltd No.48 Toh Guan Road East #06-107, Enterprise Hub Singapore 608586 Tel: (65) 6861 5323 Fax: (65) 6861 0082 Email: ...

Geological Conditions Our geotechnical drilling rigs thrive in varied geological conditions, with precision

Singapore geological engineering drilling rig manufacturer

engineering and advanced technology. These robust ...

Kores Engineering offers complete drilling solutions to our customers. We provide expertise in designing, developing, and distributing high-precision equipment to various industry sectors.

List of geological Manufacturers in Singapore SINOVO - Model SNR400CS - Full Hydraulic Double Power Head Water Well Drilling Rig SNR400CS drilling rig is a fully hydraulic dual-power head ...

Huanghai Machinery is a manufacturer who designs and produces geological exploration equipments, coal bed methane equipments, engineering ...

Singapore Drilling delivers exceptional drilling services through its cutting-edge capabilities and expertise, generating genuine value for its partner companies and the economies in which it ...

Established in 1997, Oilfield Services & Supplies Pte Ltd ("OSSSG") is a manufacturer of drilling tools and components that enable the upstream ...

The Singapore Geological Drilling Rig market is driven by a mix of established multinational corporations and agile local firms. Leading players typically offer a diverse ...

Jiangsu Lianyungang Huanghai Machinery Co. Ltd. is a key drilling rig manufacturer and designer of geological drilling rig, engineering piling drilling rig and horizontal directional drilling rig ...

The GDE Group specializes in a wide range of drilling services, including diamond and reverse circulation drilling, which are essential for the minerals and energy sectors. With a focus on ...

China core drill equipment manufacturer. The HYDX-6 core drilling rig is mainly used in fields of geology, metallurgy, coal, petroleum, natural gas, and ...

Engineering geological drilling rig, find quality Engineering geological drilling rig products, Engineering geological drilling rig Manufacturers, Engineering geological drilling rig ...

Rig Technologies comprises two parts: Rig Equipment and Aftermarket Operations. Our Rig Equipment team engineers and manufactures drilling rigs, ...

Drilling rigs types encompass a wide range of machinery designed for various drilling projects. These machines, essential in the extraction of resources like oil, natural gas, ...

Drilling rig operator SEONGHA GEOLOGICAL ENGINEERING PTE LTD POKB-T08 (ZZI) PENTA - OCAEN CONSTRUCTION PTE LTD PROJECT : Tuas Water Reclamation Plant (ZZI) ...

Singapore geological engineering drilling rig manufacturer

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include augering and down-the-hole rigs. Typically these are mounted onto ...

Drillmec is an international leader in manufacturing and distribution of drilling rigs for onshore and offshore applications as well and of drilling ...

We are a Chinese geological drilling rig manufacturer and supplier, mainly producing core drilling rigs and mobile drilling rigs. Geological drilling rigs-spindle type are ideally suited for ...

Kores Engineering offers complete drilling solutions to our customers. We provide expertise in designing, developing, and distributing high-precision equipment ...

Beijing Jingtian Exploration Machinery Co., Ltd. It is a well-known domestic drilling product and drilling engineering service solution provider and well drilling machinery manufacturer. Since ...

Hydraulic Underground Exploration Drilling Rig Application YGK hydraulic underground exploration drilling rig is equipped with a full hydraulic operated ...

YG core drilling rig is a multifunctional core drilling rig, mainly used for shallow hole core drilling with diamond or carbide drill bits. It is also suitable for engineering geological survey, ...

Discover all relevant DTH Drilling Rig Manufacturers in Singapore, including Global Drilling and Exploration Group Pte Ltd and GLOBAL 1 IRM

Driving Value Delivering Excellence Singapore Drilling delivers exceptional drilling services through its cutting-edge capabilities and expertise, generating genuine value for its partner ...

Zhejiang Miningwell Supply Chain Management Co.,Ltd: With more than 20 years of experience in mining equipment production, D Miningwell has own ...

China diamond drill bits, drilling rig manufacturer and supplier. Our main products are drilling rig, diamond core bits (synthetic natural), reaming shells PDC bits, core barrels and accessories, ...

The Crawler Full Hydraulic Core Drilling Machine is a new type of drilling rig developed on the basis of the advanced technology of similar drilling rigs. It is ...

Zhejiang Miningwell Supply Chain Management Co.,Ltd: With more than 20 years of experience in mining equipment production, D Miningwell has own production workshop and professional ...

Singapore geological engineering drilling rig manufacturer

Established in 1997, Oilfield Services & Supplies Pte Ltd ("OSSSG") is a manufacturer of drilling tools and components that enable the upstream operations of the Oil & Gas industry.
